## NIERENGARDEN UNDER GRILL IN SLAYING ROUSH TO ATTACK TWO CIVIL SERVERS ADMITS HE WAS ON DEATH TRAIN

### QUESTIONS RIGHT TO HEAR CASE

Attempt to Oust Zeits and Downing in Investigation

TO START FIGHT AT ONCE

Deposed Chief Succeeded by M. F. Dawson

An immediate appeal to the civil service commission, for redress, was indicated Wednesday by counsel for O. J. Roush, deposed police chief, suspended by Mayor Burkhardt Tuesday.

Roush stated Wednesday that his attorneys are preparing to attack the right of F. W. Zeits and F. H. Downing, as members of the civil service commission, to sit in judgment when the case comes before that body. The original charges against Roush were made by Zeits, and Downing is Zeits' attorney. Both are members of the civil service commission.

After being handed a notice from the mayor suspending him and removing him from office, Roush repaired to the office of his attorneys. A conference lasting upward of an hour was held.

Action of Mayor Burkhardt was taken following the filing of the report of the special commission appointed by him to probe the character and conduct of Roush. Mayor Burkhardt appointed the commission.

Twelve complaints enumerated in the report were investigated by the commission, but they were stated in the form of allegations and not proven facts.

Mayor Burkhardt based his action on the matters touched upon by the commission. The allegations include demanding rewards for recovery of stolen property; unlawfully removing names from bonds; discourteous conduct to the public; conspiring with Constables Ira Snyder and Charles Plock to make false return concerning destruction of six bottles of whiskey and six bottles of gin; immoral conduct, attempting to influence a member of the grand jury in the fall of 1920, retaining liquor that should have been delivered to the U. S. marshal at Toledo; permitting prisoners their freedom; attempting to influence witnesses in the case of the State vs. Irene Allen; divulging secrets of the police department; and dividing among members of the force liquor obtained thru the arrest of Sam Archer, in June, 1920.

Mayor Burkhardt stated the findings of the commission warranted his action.

Notification of his suspension and removal was given to Roush by Safety Director D. W. Dorris. By a previous order Captain M. F. Dawson was appointed to command in the department.

SAIS CHARGES FALSE  
Roush characterized the charges as "a mass of falsehood" and denied all of them.

After getting the mayor's order, Roush received his personal effects from the station and, acting on the advice of counsel, turned the keys of the station over to his successor. Roush handed Dawson the keys, stating which doors and desks they were intended for. Dawson accepted them without a word.

Roush took his suspension philosophically and displayed practically no bitterness.

PAYS \$14,000 FOR WHISKEY; FINDS PURCHASE IS WATER  
PATTERSON, N. J.—Ferdinand Elia, owner of 26 barrels of insipid water, for which he had paid \$14,000, today identified Emil Wentz of Grand Forks, N. D., as one of three men who convinced him of a plausible test that the barrels contained 103 proof whiskey. Elia told the police he had been permitted to select a barrel, to bore his own hole, to insert a rubber tube and to sample what ran out. He did not learn until the two had disappeared with his \$14,000 that one of them had connected the tube up with a rubber bag beneath his coat, which contained real red eye.

Wentz was found in a New York jail, where he is held on a charge of having perpetrated a similar swindle on John J. McLaughlin, a retired policeman.

AMERICAN AMBASSADOR VISITS GERMAN ENVOY

PARIS—Diplomatic relations between the American and German embassies here were broken off in 1917 were re-established yesterday afternoon when Ambassador Herrick made a formal call on Wilhelm Mayor Kaufbeuren, former German ambassador. The latter will probably return the visit before the end of the week.

Ambassador Herrick took the initiative in view of Herr Von Kaufbeuren's diplomatic seniority in Paris.

### DRUG HAUL MAY UNCOVER 'RING'

Federal Agents Working to Locate "Concealed Den of Dope Hounds" in Lima—Distribution Among Young Girls Reported—Suspect Held

Existence of a far reaching drug ring in Lima has been uncovered with the detection of \$100,000 worth of morphine and cocaine by G. S. Wilsey, superintendent of the American Railway Express company offices here, that official asserted Wednesday.

Previous shipments of dope to this city have been made by bringing it into Lima in trucks, shipped as baggage, according to the opinion of federal agents who are here investigating the situation, that embraces several counties.

Distribution by a "ring" has been under way here for some time, they say, by a gang of crooks who prey on young girls.

SHIPMENT SUSPICIOUS  
Wilsey, a veteran in the express business, suspected the shipment when it arrived in Lima Thursday from a wholesale drug firm in St. Louis. Upon investigation, he found that he was right and immediately took steps to prevent its delivery to the party consigned.

Frank Cunningham, cashier of the First National bank, and O. B. Selfridge, president, were called into a conference with Wilsey and the bank officials permitted the goods to be stored in the vault at their bank for safe keeping.

This was done, according to Wilsey, on the possibility of the express office being burglarized and the morphine taken by the crooks in an effort to get it without being subjected to identification and arrest.

Armed guards, headed by Sergeant Charles McCoy, of the Lima police department, were on duty at all hours in the express company offices. No such firm exists here and the whole thing is fictitious, according to Wilsey.

When off duty at the police department, Sergeant McCoy took up his headquarters at the express company offices.

The consignment of dope, weighing 172 pounds and shipped in three boxes, each about three feet square, was consigned to "Martin & Co., care of Normie Mitchell, Lima, Ohio." No such firm exists here and the whole thing is fictitious, according to Wilsey.

Upon leaving the express office, Wilsey always instructed whom he left in charge as to his whereabouts and told them to detain any person who inquired for the shipment.

Harry Nagel, cashier, was in charge when a man giving his name as Earl Tapp, 35, of Mt. Victory, appeared at the express office shortly before five o'clock Tuesday evening and asked for the three boxes.

Tapp was told by Nagel that the boxes were in storage, but that Wilsey might be able to get them for him that night.

TAPP IS NABBED  
On this pretense, Nagel took Tapp to the Baltimore and Ohio railroad station and introduced him to Wilsey. After Wilsey definitely learned that this man had come for the boxes he signaled Sergeant McCoy, who was standing a few feet away, to take Tapp in charge.

The Mt. Victory man was taken to police headquarters and up until Wednesday noon no confession had been made, according to Chief Morton Dawson.

Police say that Tapp sticks to his first statement that he was hired by two men in Kenton to come to Lima, get the boxes, and deliver them in that city. The arrested suspect says he did not know the pair, but that they acted queerly.

Federal authorities believe that the ring has already got a firm hold in Lima and that scores of young girls have been subjected to the dope, they distributing it to their friends and associates.

Reports of several parties are being investigated and some startling disclosures are to be expected in a short time. A young man recently reported to police that while taking a young girl home from an uptown dance, she pointed out a place on the South Side under which she said there was "concealed a den of dope hounds."

### PARLEY TIED UP ON LAND ARMS

Conferees Fail to Agree on Any Fixed Policy

BRIAND SATISFIED, HOWEVER

French Premier Feels Assured as to Future Negotiations

WASHINGTON — (By Associated Press) — The delegations of the five powers discussed and arranged today but no definite declaration of policy resulted from their deliberations.

None of the powers, it was understood, presented any proposal looking toward a concrete pronouncement supporting the French attitude toward army reductions as outlined to the full conference in primary session Monday by Premier Briand.

Premier Briand attending his last meeting of the armament group before his departure for France, made a brief presentation of the exact position of his government, and it was said that a general discussion following along the lines of that, in which the powers expressed general appreciation of the French position at Monday's session.

TO NAME COMMITTEES  
The debate led the delegates into a consideration of specific problems of land armament and it was decided to appoint sub-committees to deal with such subjects as airplanes, poisonous gases and other auxiliary means of warfare.

After the two hour and a half session was over, the French premier, despite the failure to make a joint declaration of policy, expressed approval of the action taken by the delegates.

It was also indicated by the French delegates that M. Briand would return to France confident that his nation's attitude had the sympathetic understanding of the other national groups and that France had nothing to fear from subsequent negotiations on land armament.

WORK ON NAVY PLAN  
The land armament discussion overshadowed momentarily developments relating to the other questions before the arms conference, although the naval experts continued their work on details of the American reduction plan and members of all nine delegations prepared additional data for use when the committee of the whole on the Far East meeting probably would develop an effort to include additional declarations of policy in the Root resolution already adopted.

The assembling of the five major delegations to consider land armament without waiting for a decision on naval reductions and the Far East was a diversion from the contemplated program of the conference and the previous intention apparently had been to let the subject lie over for the present.

Members of the French delegation described M. Briand today as satisfied personally with the sympathetic demonstration that followed his speech at Monday's plenary session. He was said to feel that these developments had largely attained one of the principal objects of his coming to the conference, but some of his associates thought a logical sequence to Monday's expressions would be a resolution embodying in compact and definite form the sentiments of the several delegations.

SESSION ENDS TONIGHT  
WASHINGTON — Since the adjournment of congress was expected to be taken tonight, bringing to an end the extra session which was called by President Harding April 12, the senate had agreed to a vote late today on the tax bill and what out of the way was prepared to adjourn, while the house was marking time waiting for the senate to declare its business finished.

The regular session will be convened in December when the Ford-Newberry election contest and other measures which have been under immediate consideration in the closing days of the extra session, will again be taken up.

FOCH PLACES WREATH AT MONUMENT TO GEN. LEE  
RICHMOND, Va. — Marshal Foch commander of the allied armies in the world war arrived here today on the beginning of his tour of the country and Richmond, the capital of the Confederacy, immediately capitulated to the noted Frenchman, according to him one of the greatest orations ever received by a distinguished visitor in this city.

The marshal was loudly cheered as he was escorted to Monument Avenue to take part in parade thru several of the principal streets of the city. When the equestrian statue of General Robert E. Lee, leader of the confederate army forces, was reached, the parade halted and the noted French general placed a wreath at the base of the monument.

PRICE OF TIRES CUT  
YOUNGSTOWN — The Republic Rubber Company today announced a reduction of 20 per cent in the price of fabric tires and 30 per cent for cord tires, to conform with the prices of the U. S. Tire Company.

WOMEN WILL VOTE  
Participate in Election of Fair Directors

Election of five directors for membership on the Alliance board of agriculture will be held next Monday at the court house, between the hours of 10 a. m. and 2 p. m. Ballot will be in rooms of the society in the basement.

Women over 21 years of age, who have become members of the society by purchasing membership tickets, may vote. Women too may hold office on the board. As yet names of no women have been certified as candidates for director.

Any member of the society may become a candidate by the filing of his name duly signed by another member of the society. These nominations must be certified and filed with M. L. Mayer, secretary, not later than Thanksgiving night at 6 p. m.

One director is to be elected from Bath, Jackson, Shawnee and Amanda towns and one from the city of Lima.

NO PAPER THURSDAY  
There will be no editions of The Lima News on Thursday, Thanksgiving Day in order that the employees of this office may have the opportunity to observe the occasion in a manner befitting the season.

### JURORS TO VISIT ARBUCKLE SUITE

Part of Program Arranged by The Defense

CLAIM DEATH DUE TO ILLNESS

Prosecution Completes Its Case Against Comedian

(BY M. D. TRACY)  
SAN FRANCISCO — (United Press) — Roscoe Arbuckle today started his fight for freedom. His attorneys attacked the case built up by the prosecution in its effort to convict the comedian of manslaughter in connection with the death of Virginia Rappe, actress.

Arbuckle, heavy of eye, saggy of cheek, and with his once natty Norfolk suit badly needing a trip to the pressers, — leaned eagerly over the backs of his attorneys' chairs as they launched their counter-attack.

DEFENSE PLANS  
The prosecution's action in suddenly closing its case late yesterday without warning, failed to take Arbuckle's counsel by surprise.

They planned to prove that Miss Rappe's death was caused by an illness with which Arbuckle had nothing to do.

Today's program included a visit to the suite in the Hotel St. Francis where Arbuckle gave his famous pajama party last Labor day.

It was planned to demonstrate by actually taking the jury over the ground that certain sounds could not be heard in Arbuckle's bedroom when the door was closed and that it was impossible to see into the bedroom from certain angles of the sitting room. This is an attack on testimony of witnesses, who said they heard Miss Rappe in the bedroom cry "Oh, My God, no, no, no!" and Arbuckle's reply "Shut up" and witnesses who declared what they saw in the bedroom from their chairs in the sitting room.

FLANKED BY MILLIONAIRES  
Arbuckle came into court today in the midst of an almost unparalleled array of legal and expert advisers. In addition he was flanked by some of the biggest of the movie millionaires who watched with close attention every step in the drama in which the morality of their industry is on trial.

Immediately behind Arbuckle, Gouverneur Morris, author, has his seat. To his right sat a finger print and handwriting expert. Nearby was a medical adviser. Half a dozen lawyers with clerks, secretaries and aides of various kinds jammed the space inside the court room rail.

Before court convened, the room buzzed with conversation. It was like a scene at a movie reunion. Many friends thronged around Arbuckle, greeting him most cordially. His wife, Mrs. Minta Durfee Arbuckle, was the center of another gaily chattering group and the movie magnates and actors sitting around the wall were busy shaking hands, slapping backs and gossiping about the industry.

REPUBLICAN LEADERS TO MEET AT COLUMBUS

COLUMBUS — Republican party leaders are planning an important session here next Saturday. It was learned today.

Harry M. Daugherty, attorney general, is expected from Washington to preside at the session. Elimination of Rud K. Hynrichs from state politics, will be considered, reports said. This will be accomplished by defeating him for reelection as national committeeman at the next primary, it was believed.

W. W. Haley, clerk of the Ohio senate, is said to be under consideration to succeed Daugherty as chairman of the state Republican committee.

Denies, However, That He Killed Joseph Kershaw

FATHER OF VICTIM PRESENT

P. A. Kershaw Believes Mystery Will Soon Clear

Link by link the chain of evidence that may connect Harold Nierengarden with the murder of Joseph S. Kershaw is being forged by the authorities investigating the crime. He admits being on the train with Kershaw, but still maintains he did not fire the fatal shots.

Under a hard grilling, in which officers and relatives of the murdered man took part at Wapakoneta Wednesday, the former ballboy made certain admissions. P. A. Kershaw, father of the dead boy, who was present, stated.

In the early hours of the morning and almost until dawn was breaking in the east, Sheriff Bob Ewing, former big league ball player and others took turns questioning the boy.

ALLEGED ADMISSION  
Little by little facts were brought out, until, according to P. A. Kershaw, father of "Scotty", the accused admitted to the officers that he was on the death train.

He still maintained, however, that he did not do the killing. He alighted from the train south of Wapakoneta, he said.

After having pulled back the curtain disclosing the mystery, that far, the boy closed up and would say nothing material, P. A. Kershaw stated.

His admissions were made in the presence of P. A. Kershaw and Craig W. Kershaw, a brother, P. A. Kershaw said. They feel that the mystery is clearing. Anglice-co officials could not be reached Wednesday.

Prior to telling that he was on the train, Nierengarden told of the existence of a dope ring in Lima. WAS ROBBERY MOTIVE?

Joe Kershaw was murdered for his money, his father stated Wednesday.

"Last week I gave him a check for \$100," Kershaw said and told him to spend what he needed, and put the remainder back in the bank. Instead of doing so, he started away with the money Sunday.

According to the father, Kershaw cashed the check at the Metropolitan Bank, 304 N. Main-st. P. A. Kershaw has an account there. Bank officials verified his statement.

A check for the sum he banked was cashed at their bank, they say.

Funeral of Kershaw was arranged for Wednesday at 2:30 p. m. in the Methodist church at Lafayette, Rev. Walter D. Cole, of Lima, officiating. Interment in Lafayette cemetery. The body was taken to Lafayette Wednesday morning.

RED CROSS DRIVE HELD FAILURE

Chairman Selfridge Deplores Lack of Interest

But little response was given Wednesday to the appeal made Tuesday by the Allen-co chapter, American Red Cross, Calvin Selfridge, chairman of the campaign committee which hoped to sign 10,000 new members in the county, said Wednesday.

As the situation now stands the campaign is a failure, due to the fact that persons who pledged to support the drive by their efforts, have failed utterly to do so, Selfridge declared.

"On dollar subscribed now means that the Allen-co Red Cross chapter will be helped just that far with its activities next year," said the committee leader.

"It is too bad, it is deeply regrettable that Lima and Allen-co have so soon forgotten their pledge to support this worthy movement. Unless people come forward and offer their services in getting this movement started it is going to fall flat," was the statement made by Selfridge Wednesday.

Failure to support the Red Cross in Lima and Allen-co means cessation of all Red Cross activities, it was asserted. No further assistance may be possible to the stricken and destitute ex-servicemen who will lose their one last hope when troops talk abroad and help is needed, the funds now on hand are not sufficient to carry thru the work another year, it was declared.

Enough persons in Lima are wanted by the campaign committee to put the drive for 10,000 new members across.

K. OF P. HOME BURNED  
WASHINGTON COURT HOUSE, Ohio — The Knights of Pythias building at Bloomingburg was destroyed by fire this morning, with a loss of \$20,000. The fire started in a bakery.

## MERCHANTS FEED, "TALK SHOP"

Expert Addresses Business Men on Truthful Advertising

## "SHOP EARLY" PLANS LAID

Ad Club to Give Support in Christmas Campaign

Savory "cater" partaken of to the strains of a snappy jazz orchestra; sharp, straight-from-the-shoulder talks by members and others, enlivened the big get-together meeting of the Lima Merchants' association at the Norval hotel, Tuesday night.

Several announcements of a gratifying nature were made during the progress of the dinner meeting. R. G. Dunn, president of the chamber of commerce, announced Lima was definitely assured of obtaining a \$200,000 woolen mill industry, the deal having been closed early Tuesday evening.

Bruce T. Work, manager of the Better Business association, Columbus, recommended immediate inauguration of a simplified, reorganized, truthful advertising campaign by Lima merchants. James E. Morton, secretary of the association, is pledged to draft a tentative campaign of activities and outline a prescribed system of newspaper advertising which will in future be followed by all members of the Lima Merchants' association.

AD CLUB SUPPORT PLEDGED  
Members of the Lima Ad club, present at the meeting, pledged support of the club to the Merchants' association. A plan to affiliate the two organizations was suggested, but not acted upon.

Roy T. Gregg, chairman of the Christmas Shop Early and Christmas Display Week committee, submitted a report on progress of preparation for the annual holiday advertising and selling campaign. Colored poster cards picturing Santa Claus and with the caption, "Shop Early," have been printed and will be placed in prominent places in all Lima stores within a few days.

The budget committee submitted its report for the year, showing over \$6,000 has been used to maintain the association. It was estimated that at least \$7,500 would be necessary to carry on work of the association for the next year.

"A spirit of close co-operation and the 100 percent support of every member of the association is needed to carry out the program as outlined for 1922," declared J. E. Morton, shortly after the meeting opened.

"There must be some backbone to this organization if we are to live, and we are going to live," he said.

Bruce T. Work, advertising expert, addressed members of the association on "Does It Pay to Advertise?"

"There are 33 cities in the United States that are literally buying their advertising in the public squares," Work said. "Is Lima one of them?" he asked.

"One of the most prominent merchants in Columbus, now retired, built the greatest retail trade in that city and left it after years of handling honest merchandise and by honest advertising. If that merchant said a thing was wool, it was wool and there was no question in the minds of Columbus people."

"Were questionnaires to be sent to every one of you Lima Merchants here, asking in detail about your advertising and if it was all truthful, you would all, from the dits of your soul, answer 'no.' And by that I don't mean that you are liars, or that your advertising is not essentially truthful, but that you are not specific enough. When you advertise a \$60 garment for \$29.50, you are conveying the idea that the garment is worth \$60, but not that the figure was merely the selling price, you should do this."

"Nobody has a patent on the truth and you are at liberty to advertise it," said Work.

Work was queried as to his opinion of a shoppers guide which the merchants have published weekly for the past six months. His reply was that Columbus merchants have now considered it wise to compete with their newspapers and that if the Lima merchants expected full co-operation from their newspapers on the truthful advertising campaign, it would not be fair to do anything that would compete with them.

The co-operation of the Better Business association of Columbus was pledged by Work in offering to help Lima merchants revamp their advertising systems.

Lima Merchants will unveil their Christmas Display Week windows during the latter part of this week and the forepart of next week. It was determined Tuesday evening. Prizes for the best decorated window will be awarded by the Lima News after judgment of the displays, Wednesday, November 30.

## THANKSDAY SERVICES AT CATHOLIC CHURCHES

Thanksgiving day will be observed with special services in all of Lima Catholic churches.

High mass will be celebrated at 8 a. m. at St. Rose church. The usual mass will be held at 6:30.

At St. John's the high mass is set for 8:30 and will be especially significant of the blessings of Thanksgiving. The usual mass will be held at 7:45.

Solemn high mass will be said at St. Gerard's at 5 a. m., the only service of the day. The mass will be followed by prayers of Thanksgiving and for civil authorities.

## SERMON SERIES TO BE GIVEN ON "MARRIAGE"

The Rev. Father James Clarke, pastor of St. Gerard's Catholic church, will deliver a series of special lectures during Advent on "Marriage." The first of this series of talks will be given next Sunday evening.

Subjects from which the Rev. Father Clarke will speak are as follows: "The Sacred Calling," November 30; "The Divine Alliance," December 5; "The Great Secret," December 11 and "The Fatal Blunder," December 18.

## ENGLISH PRESS PLEASED AT PRINCESS' BETROTHAL

LONDON—The morning newspapers express satisfaction at the betrothal of the Princess Mary to an Englishman and equally approve her choice of a husband in the Viscount Lascelles. It is emphasized that there would have been general disappointment if she had married a member of foreign royalty and thus have left England, where she is universally popular.

Her choice, says one newspaper, "will suit the democratic and romantic instincts of the British people in an age when the dynastic principle is under reconstruction. The betrothal of the princess makes it easier to believe that the Prince of Wales in his turn will make a marriage which will appeal to the same romantic and democratic sentiments of the nation."

This is typical of many of the comments.

## STAGE DRIVE FOR FACTORY FUND

C. C. Plans Campaign for \$12,000 to Purchase Site

## WILL CONTINUE ONE WEEK

Final Assurance of Woolen Mill For Lima

Claypool Bros. new all-wool blanket mill in Lima, assured by the Chamber of Commerce, will be christened after its birth-place. It will be the Lima Woolen Mills, Incorporated.

Arrangements were made at a meeting of the chamber of commerce directors at noon on Wednesday for a whirlwind drive the last of the week for \$12,000, the cost of the site that is being donated to the big industry that will begin construction just as soon as the architects plans can be rushed out.

## OTHER OFFERS REJECTED

Dr. T. M. Maxwell and the Claypool Bros. found Lima too alluring to permit an extraordinary offer from another Ohio city having any effect on them. Following Tuesday's conference with the chamber of commerce committee, they left the city for the day to visit the one other city that refused to give up the fight. A long distance call late in the afternoon told the Lima chamber that there was no change in their decision and Tuesday night the trio returned to work out additional details.

While Arthur Claypool and Dr. Maxwell returned to Butler, Pa., Wednesday, J. Norman Claypool, remained in the city. During the morning Wednesday he located a home and in two weeks will have his residence here. A younger brother, likewise moved here with his family within a month. Back in Butler, Arthur Claypool will be blue printing machinery, laying out the floors of the first units of the plant.

"We expect to become Lima Beans in the full sense of the word," said Claypool. "Without throwing away my bouquet, the reception room chamber of commerce has given us ever since our first note has made our hearts warm toward Lima."

## GUARANTY IS GIVEN

As guaranty of fulfilling their part of the agreement, the Claypools are filing with the chamber of commerce a surety bond for \$35,000. Wednesday, the abstract of title of the ground selected by them was being prepared and negotiations were on to purchase a couple of building lots that must be acquired to complete the acreage they need. A special committee was also at work with the railroad company whose tracks adjoin the property, making arrangements for the immediate installation of a switch. The deed for the land upon which the new mill will stand will be held in trust by some bank of the city until the machinery begins to run in the building, according to agreement.

The first units of the mills will be either brick or concrete, with steel window frames.

## C. C. TO GET PROOFS OF BUILDING CODE

Building code committee of the chamber of commerce Wednesday asked the board of directors to authorize the printing of rough proofs of the city building code, the same to be returned to the chamber of commerce for its preparatory use pending the return of the original approved code to that body. The directors stamped its approval on the plan and the proofs of the code will be printed.

The original code under the statutes must be circulated among the signed by the several contractors engaged in building trade construction, plumbers and electric companies and then be returned to the city. The chamber of commerce provided with rough proofs of the code, will be prepared to meet any difficulties caused by non-approval of any section at the time the original code is returned, it was said Wednesday.

The board of directors held a noon luncheon meeting in the Lima Club Wednesday to discuss this and other business.

## TRAIN KILLS BOY

WILMINGTON, Ohio—Albert Garrison, 18, a deaf and dumb and dumb boy, of Midland City, 11 miles from here, was struck by a B. & O. passenger train this morning and instantly killed.

The boy was a son of Mrs. John Garrison, who is a sister of Howard Bosler, one of the victims of the triple murder last Saturday night at Cuba. The Garrison family was preparing to attend the Bosler funeral.

## RADIO TO AUSTRALIA

## THANKSDAY FEED FOR WARDS

Thursday Plans For Inmates of County Institutions

## GOOD THINGS IN PROFUSION

Danny Lund Company Gives Show at State Hospital

Wards of Allen-co and Institutions within its border will enjoy the happiness which comes from the Thanksgiving feast.

Turkey will be the piece de resistance at the Allen-co Children's home, where Superintendent D. W. Higby and Mrs. Higby, the matron, are planning a real feast for the children in their care.

Cranberry sauce and pumpkin and mince pie will be features of the dinner. Ninety-eight children are now housed there.

PEAST FOR PRISONERS  
Eighteen prisoners at the county jail will enjoy a dinner, such as Mrs. Charles W. Baxter, wife of the sheriff, will feed her own family. She has prepared chicken and all the trimmings. There will be cranberry sauce and gelatin for their evening meal, which too will reflect the joy of Thanksgiving, as well as at the noon-day feast.

Patients of the Allen-co infirmary will be regaled with a Thanksgiving program fit to grace a table in the wealthiest home. For their comfort, Mrs. L. C. Sigler, wife of the superintendent, has planned a menu of chicken, pumpkin pie, sweet potatoes, and a large variety of other things to tempt the appetite. Eighty-one inmates will eat Thanksgiving dinner there.

At St. Rita's hospital, patients will be treated to well-laden trays, at least those able to partake of the feast and there will be little greetings to bring home the spirit of the holiday to those not able to be away from the institution because of their health.

Ninety patients and more than 70 nurses will partake of a menu of turkey, mashed potatoes with gravy, bread and butter, mince pie and coffee.

## THANKSGIVING GREETINGS

Tray cards bearing Thanksgiving greetings will go to those who must spend the day within confines of the hospital.

Twenty-eight patients at the District Tuberculosis hospital will enjoy a dinner fit for a king, with turkey and roast goose making up the meats. There will be mince pie and cranberry sauce and all the articles on the menu which usually mean Thanksgiving.

The dinner was arranged by Mrs. C. A. Files, wife of the superintendent of the hospital, and will be served under her capable direction.

Dr. Clark, superintendent of the state hospital, announced Wednesday that the 930 patients in that institution will enjoy a feast of good things, including roast pork, mince pie and celery.

The Danny Lund company, appearing at the Orpheum, put on a show at the hospital Tuesday afternoon, witnessed by 700 patients. Thru the instrumentality of Manager Bob Shaw, of the Orpheum, the Lund company, with costumes and paraphernalia complete, staged a splendid performance for the pleasure of the inmates, free.

## DAN CUPID, GOD OF LOVE, IS BUSY

Ten Pre-Thanksgiving Marriage Licenses Granted

Despite industrial depression and the fact that conditions are not as auspicious this year as last, for marriage Dan Cupid did fair to come up to his record of a year ago. In he keeps up his good work in probate court, began Wednesday.

Up to two p. m. Wednesday, six pre-Thanksgiving licenses had been granted. Four couples secured permits to wed, late Tuesday.

Last year one and a dozen couples secured license, setting the high mark for the number issued in one day in probate court for the year.

Cupid's "toll" is as follows:

Arthur Clinto Winegardner, 35, farmer, Auglaize-tp. and Miss Mary Winnifred Teiber, 23, Beth-tp.

Chester Wayne Copus, 21, boiler maker, Shawnee-tp. and Miss Elizabeth Katherine Thomas, 21, domestic, Amanda-tp.

Willard John Budd, 19, machinist, 755 W. High-st. and Miss Margaret Irene Wallace, 15, cigar roller, 548 S. Pine-st.

## WOMAN STEERS SHIP AS BATTLE RAGES ON BOARD

BOSTON, Mass.—Captain George F. Poppe, skipper of the schooner Lillian E. Kerr, came to the federal court today with charges of mutiny on the high seas against Frank Howell, a negro sailor, and with praise for the conduct of his wife, Mrs. Eda Poppe, during what he said was his fight for life with Howell. Mrs. Poppe held the wheel of the vessel while the men fought on the deck.

Howell, with a knife, her husband with a pistol, Captain Poppe said. She kept the schooner on its course, the negro crew meantime grouped on another part of the deck, offering no help. Mrs. Poppe has sailed with her husband four years. Howell was shot in the back. He was at the city hospital today under police guard.

Captain Poppe said that after he found Howell, who was shipped at Jacksonville, asleep across the wheel on November 13, Howell attacked him with a knife.

## RABBIT DISPLAY READY TO OPEN

Big Showing of Prize Winners at Memorial Hall

## ENTRIES FROM MANY STATES

Live Stock Valued at \$5,000 Assembled

The fourth annual exposition of the Lima Rabbit and Cavy Breeder's association, with more than 400 prize rabbits entered from all parts of the country, valued at \$5,000, will open in Memorial hall Thursday, Thanksgiving Day, at 8 a. m.

The exhibition will close Sunday. No admission will be charged.

That only prize bunnies will be in the show, was the statement of E. A. Enslen, secretary of the Lima association, who said that the show, Wednesday, two from Oregon, two from California, some from St. Louis and others from Pennsylvania, New York, Indiana, Illinois, Michigan, Kentucky and Tennessee.

Two hundred visitors, many from outside the state, some of whom began to arrive Wednesday, are expected by the time the exposition opens Thursday morning.

John Fehr, Indianapolis, reputed authority on all kinds and breeds of rabbits, will be the judge. Awards will be made Thursday afternoon.

## RABBIT BANQUET PLANNED

A Thanksgiving rabbit banquet for members of the association and breeders will be given in the basement at Memorial hall at 6 p. m. Thursday. A speaking program during which several visiting members will talk, has been arranged as the big event in Memorial hall Thursday evening. The banquet is for association members and breeders only. The program in the evening will be free to the public. Enslen announced Wednesday.

Entries for the big show were nearly all in place early Wednesday afternoon. A few were expected to arrive during the afternoon. The entire floor of the auditorium in Memorial hall is required to house the bunnies. Neat wire cages supplied with hay and having water cups and roomy enough to comfortably accommodate one rabbit each are arranged in rows from the entrance of the auditorium to the stage.

Two chinchilla rabbits, the first ever to be shown in this section of the country, are included in the entries. Others include Flemish Giants in several colors, Rufus Red Belgians, New Zealand Reds, Himalayas, Chamois, Argentinas, Havanas, American Breds and several colors and varieties of Dutch rabbits.

The entire exposition is announced as open to the public. No admission will be charged, the purpose of the show being more to foster and further rabbit breeding and raising in this vicinity, Enslen said.

Charges Made by Mrs. Strayer in Suit for Divorce

Alleged carresses and hugs which Samuel Strayer, Amanda-tp. farmer, is charged with having bestowed upon a woman named Jennie Politz, is made the basis of an action for divorce, filed in common pleas court late Tuesday by Mrs. Emma Strayer.

The wife says Strayer frequently employed the woman to help him with his bees and honey and it was while she was thus working for him, the wife discovered the carresses, on November 2 of this year, she says.

The Politz woman told Mrs. Strayer, she asserts that Strayer was going to purchase a new automobile next year and she was going to work for him as a boy on the farm. Mrs. Strayer says she was forced to leave their home on November 17, because of his cruelties.

Strayer owns 90 acres of land in Amanda-tp. The couple were married 27 years ago in Lima and have five children of their own. At the time of their marriage he was the father of six minor children, which Mrs. Strayer assisted him in rearing and she was the mother of one child by a former marriage.

She charges he refused to allow her to go to church or social functions and that he threatened her life with a gun.

## WON ELECTION ON PERSONAL PLEA

Story of Fred S. Kohler's Campaign is Told

## WALKED FOR 5 MONTHS

Becomes Mayor of Cleveland After Four Defeats

CLEVELAND—(By Associated Press).—From dethroned chief of police to mayor of Cleveland in eight years was the accomplishment of Fred S. Kohler. Strangely enough Kohler, who became prominent as the "Golden Rule Chief" during Mayor Tom L. Johnson's regime, was elected without making a campaign speech. Instead, for five months he conducted a house-to-house canvass which he carried into every ward and probably into every precinct in the city.

"How many miles did I walk? Thousands, but I have no idea just how many years," the mayor-elect said. "Of course, not every doorstep had a welcome sign hanging up for me, but I had one line that I used whenever I found a chilly reception, and it never failed to thaw a cold group. If I introduced myself and no one seemed enthusiastic I would up with 'Well, if you'll vote for me I'll appreciate it and if you don't I'll never know about it.'"

"Best police chief in the United States."

Kohler announced his candidacy as an independent Republican this fall. His slogan was:

"Clean up the city."

"Make life, property and town safe, and you will have a city manager."

Kohler's comeback started nearly from the day in 1913, when he was dismissed as chief of police by the civil service commission on charges filed by Newton D. Barker, at that time mayor, of conduct unbecoming an officer. Joining the police force in 1889, Kohler walked a beat only four years. Promotions came fast and he was made chief in 1905.

During his term he promulgated the "Golden Rule."

"Drunks were sent home. First offenders in minor matters were released with a warning. Few arrests instead of as many as possible was the rule. But the bars went down hard and fast to known crooks and thugs."

DEFEATED FOUR TIMES  
Opposition to Chief Kohler first broke out in 1910. He was suspended by Mayor Baehr, but was exonerated by the civil service commission. Upon his dismissal by the commission on Mayor Baker's charges, Kohler sought election to the city council in 1913, but was defeated.

The following year he tried for sheriff on the Republican ticket and again was defeated. In 1905 he ran for clerk of the municipal court and lost again. The next year he won the Republican nomination for county commissioner. But still he was unsuccessful, being defeated in the election.

His persistence was rewarded two years later, however, when he was elected county commissioner. He was the first Republican to be elected to the court house in eight years. He was re-elected in 1920 for two years.

Three bushel baskets full of letters and telegrams of congratulation have been received by the mayor-elect from all over the country.

Thru the newspapers, Mr. Kohler appealed to the Chamber of Commerce, The Federation of Women's Clubs and various other organizations to suggest names of those best qualified to accept positions in his cabinet.

Early Christmas  
Shopping Week  
Nov. 28 to Dec. 3

**N**OBODY likes a wild jam—nobody cares to discomfort himself or herself when it's not necessary.

Year after year hundreds of persons wait until the last minute to do their shopping. This year the Christmas stocks will be complete at Lima stores beginning Monday, November 28th.

In this urgent plea we request shoppers to do their buying early—the earlier the better. The Lima stores have made special preparations for the Holiday business from six months to a year ago, yet they only ask you to start your shopping next Monday.

The reasons are obvious, for comfort, ease and certainty attend those who follow this injunction. You will eliminate the last week congestion—you will find the stocks more complete and new and fresh—you will aid the salespeople.

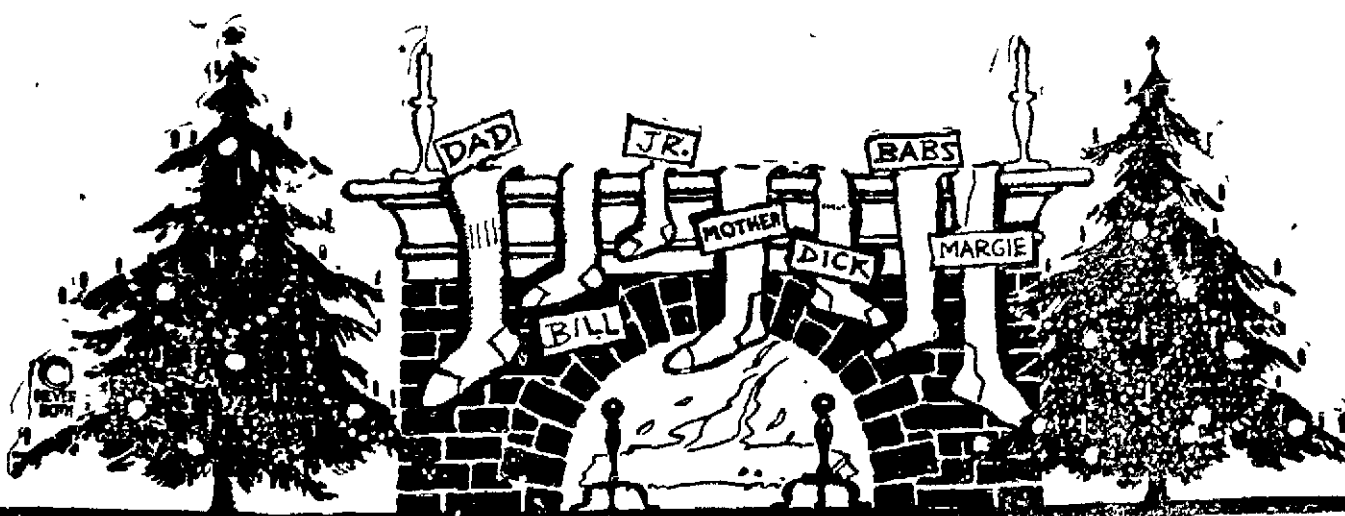

Lima stores are fully prepared for a bounteous Yuletide. They are replete with the finest things to be had for holiday giving and their helpful service of suggestion and counsel is at the command of all shoppers.

# 14 ARE KILLED IN BELFAST WAR

Fierce Street Battles Fought as New Ulster Parliament Opens—Fifty Wounded Taken to Hospitals—Conference on Irish Situation Opens in London

BELFAST—(By Associated Press)—Belfast's long list of fatalities as the result of factional rioting began to grow early today, one victim being added almost at the outset to the thirteen killed in outbreaks attending the assumption of governmental powers by the new Ulster parliament yesterday.

There was comparative quiet in the city after midnight and the day opened quietly, but in view of last night's events little hope was entertained that this quietude would be enduring. Fears of further trouble were realized by the time activities were on in Dock-st. A foreman who was engaged laborers there for the shipyard was picked off by a sniper, and dropped dead on the spot.

Meanwhile precautionary measures for safety were being taken by the working population, workmen's cars in the early hours proceeding without lights so that they might have better chances of reaching their destinations without casualties.

Members of the Kiwanis club, Rotary club, Lima Merchants' association, Chamber of Commerce and other organizations have given their wholehearted approval of the plan.

A committee meeting held in the Chamber of Commerce Wednesday morning resulted in plans to make a canvass of downtown office buildings in the campaign to fully subscribe the note before the week-end.

A few more signatures than the original 500 drafted in the note have been requested by the banks in order to provide for unforeseen happenings to the signatories, such as death, removal from the city, etc.

Pastors of the various churches in the city will explain the plan and offer the notes for signing at services Sunday in case the full amount is not obtained by then, it was announced Wednesday.

The board of directors of the Lima Chamber of Commerce met at noon, Wednesday, to organize a committee to make a whirlwind canvass of business industries here for \$12,000, necessary immediately to foster the coming of the Lima Woolen Mills, Incorporated, the \$2,000,000 industry which has determined to locate in this city.

"It will be necessary for every Lima citizen who is approached to offer his moral and financial support to the Claypoole brothers, owners of the industry," said R. B. Dorn, president of the chamber of commerce.

"Other Ohio cities have, offered this concern fully equipped plants, less the woolen blanket making machinery, but they have chosen Lima because of the local reception and because of Lima's many industrial advantages. Lima cannot afford to fall back at this time with all its resources to meet the fund necessary to the demand.

"We promised to give them a site and the chamber of commerce will meet Friday to organize a flying squadron to finish up the business in one day.

"The Ohio Steel company was a smaller industry than this woolen mill when it came to Lima," said Dorn.

BISMARCK, N. D. — R. A. Nestos, of Minot, will be inaugurated as North Dakota's thirteenth governor here late this afternoon.

Sworn into office with him at the same time, will be Svenbjorn Johnson as attorney general and Joseph A. Kitchin as commissioner of agriculture and labor, all of whom were named to office at the October 28th recall election.

## KIWANIAN RELIEF PLAN APPROVED

Civic Clubs Pledge Their Aid to Unemployed

The "Kiwanis Plan" of underwriting \$5,000 to provide for out-door relief for the city's unemployed, is meeting with generous response from Lima business men. Over 300 names have so far been signed to the blanket note.

Members of the Kiwanis club, Rotary club, Lima Merchants' association, Chamber of Commerce and other organizations have given their wholehearted approval of the plan.

A committee meeting held in the Chamber of Commerce Wednesday morning resulted in plans to make a canvass of downtown office buildings in the campaign to fully subscribe the note before the week-end.

Pastors of the various churches in the city will explain the plan and offer the notes for signing at services Sunday in case the full amount is not obtained by then, it was announced Wednesday.

The total casualties in the series of outbreaks up to midnight last night stood at 13 persons dead, with more than fifty seriously wounded in the hospitals. Scores of other persons less seriously injured were treated at their homes.

The entire force of soldiers and police in Belfast is said to be unable to cope with a situation such as arose yesterday and the military commander is reported to have announced that if the disorders continue, the curfew hour will be advanced in the disturbed area so as to forbid use of the streets after 8:30 p. m.

CONFERENCE OPENS  
LONDON—(By Associated Press)—The first formal conference between representatives of the government and of the Sinn Fein since the meetings between British cabinet members and the Ulster representatives was held in Downing-st. today.

Prime Minister Lloyd George, Viscount Birkenhead, the lord chancellor, and Arthur Griffith and Michael Collins, the Sinn Fein delegates, who were accompanied to the prime minister's official residence by Eamon J. Duggan.

The government at today's conference put before the Sinn Fein various alternative proposals for meeting Ulster's objection to the proposed all-Ireland parliament as well as a suggestion that Ulster be left temporarily as she is while the rest of Ireland received fiscal autonomy which would make its taxation less than that of Ulster.

HELD TO GRAND JURY ON SHOOTING, ROBBERY CHARGE  
SPRINGFIELD, O. — Charles Boltz waived examination in police court today on two charges of shooting with intent to kill and two of highway robbery and was bound over to the grand jury in the sum of \$20,000. Boltz is charged with shooting Attorney Martin Donnelly last Saturday night. Four other young men, Clay Grimes, Roy Brown, Sheldon Baxla and Hayden Shelton were arraigned with Boltz on charges of highway robbery. Bonds of Grimes and Brown were fixed at \$10,000 each and those of Baxla and Shelton at \$5,000 each.

## THE WORLD'S MOST THANKFUL MOTHER

MRS. LORETTA CADLE AND HER SON HOWARD

INDIANAPOLIS — (Special) — The happiest and most thankful mother in the whole world on Thanksgiving day will be Mrs. Loretta Cadle.

Why? Because her son, Howard, seven years ago a "down and outer," today is a respectable citizen and, more than that, a benefactor of mankind.

In 1914 E. Howard Cadle, Mrs. Cadle's son, was in the thirtieth year of a life of gambling and drinking.

Was known to the sporting fraternity of the country as the "slot-machine" king.

Had found that dissipation didn't pay, for his easily-gotten gains had been lost, leaving him penniless.

Was wrecked in health and had been told by his physician that he had but six months to live.

So Cadle went home to die. But instead of dying, he prospered honestly and today—

He's a wealthy man, the owner of a string of 14 shoe repair shops, scattered through the country.

He's planning to increase his chain to 300 shops.

He has founded a \$375,000 tabernacle at Indianapolis and another at Louisville, Ky., for religious worship and for worthy civic gatherings.

He has pledged himself to found a new tabernacle for every 10 repair shops he starts. All of them will be dedicated in memory of his mother.

Mrs. Cadle devoutly believes that all this is the result of her prayers for her son's regeneration.

Where will Mrs. Cadle, spend Thanksgiving? In the tabernacle her son has established here, giving thanks before the altar for the answering of her prayers.

That changes are to be effected in the Lima police department was evidenced Wednesday, when Chief M. F. Dawson demanded that Abe Vinegar, jail turkey and junior, step down and out. Vinegar has been turnkey for about five years and was merchant policeman prior to going to work at the station.

Dawson asked Vinegar to resign, on the ground that he was inefficient and that the station was not kept in proper condition.

Vinegar refused to accede to his superior's request, it is said, and was told that charges will be preferred against him on two counts. Inefficiency will be one of them.

Director of Safety D. W. Dorris denied Wednesday that the complaint originated with him, or that he was seeking to get Vinegar out, so that he might apply for the position himself, when his term expires January 1.

"I hadn't thought about anything like that," he declared.

During Chief Roush's regime, Dorris said he asked Roush if the station could not be kept in a more cleanly condition and more work done by the turnkey.

No charges have been filed against Vinegar to date, Dorris stated.

Piqua lady wants others to know what will relieve constipation, gas in stomach and dizzy spells.

"For a long time I've had to take a cathartic medicine every other day on account of chronic constipation, but I've found Drecto has put a stop to it," declared Mrs. E. Wright residing on Water-st., Piqua, Ohio.

"My stomach was out of order so that my food turned to gas, bloated me up till I had shortness of breath and became nervous. My kidneys were weak and I often had aching pains in my back. I became so dizzy sometimes I would have to sit down and dark spots moved before my eyes."

"I got splendid relief by taking Drecto, so it is a pleasure to give my experience to aid others who suffer."

"Drecto strengthened my kidneys and relieved my backache, aroused my lazy liver and purged it of excess bile so I no longer have those dizzy spells nor see spots dancing before my eyes. I am free of constipation and my stomach digests what I eat without leaving gas to bloat me or press against my heart. Drecto has done a lot for me so it's no wonder I praise it."

Drecto is being especially introduced by Hunter's Drug Store in Lima and sold by all druggists.

## A RECESSIONAL

Apologies to Kipling  
(BY HILDA LEETE)

"Lord God of Hosts be with us yet!"  
So runs the great "Recessionist"  
"Lost we forget, lest we forget,"  
A sort of prayer confessional.

A nation's prayer to thoughtful be  
When, in the midst of golden fame,  
She, England, mistress of the seas,  
In burning letters wrote her name.

"Lost we forget, Great God of Hosts!"  
A daughter of great England, we,  
In strident voice, raise up our boasts,  
And stand, Oh God, with unbent knees.

Our mighty freighters steam afar,  
Our cities hide in clouds of smoke,  
We, looking earthward lose our star,  
And bend our necks for money's yoke.

Proud cities, Nineveh and Tyre,  
On History's roadway passed as ghosts;  
From a like fate, from passions dire,  
Oh save us, Thou, Lord God of Hosts!

"Be with us yet," when Triumph's song  
Breaks loud against Thy guarding sky,  
Oh teach us Truth, Oh shield from Wrong,  
Thy children plead in suppliant cry.

"Lord God of Hosts be with us yet!"  
Forgive our shows of childish pride,  
In all we do, lest we regret,  
We pray Thee to direct and guide!

"Lost we forget," Oh Lord instill  
In us the "humble, contrite heart,"  
That we may kneel, receive Thy will,  
And rising, in Thy love depart.

**AMERICANS HELD FOR RANSOM**  
Two Men and Two Women Captured in Mexico

WASHINGTON — Four Americans were captured late yesterday by Mexican bandits at Santa Eulalia 22 miles from Chihuahua, the state department was advised today. After being held for ransom the party was released at the end of a four hour period when no ransom was forthcoming.

Those captured were Edgar Butts, a mining engineer of the American Smelting and Refining Company and his wife; Willard Bendam, another employee of the American Smelting and Refining Company, and Miss Mary Long, daughter of a former American consular agent at Parali.

Shortly after the Americans had been released by the bandits, Oscar Trevino, a Mexican mine owner, was captured by the same bandits and later released by them on the payment of \$5,000 ransom, the department also was advised.

Advices from American agents in Lower California indicated that the revolt there which had been in progress for the last two weeks was virtually at an end.

**IMPURE BLOOD DRAGS ON NERVES**  
A Course in Gude's Pepto-Mangan Makes Blood Rich and Red

When blood gets thin and watery, clogged with waste matter, as it does when over-exertion and straining cause exhaustion, there is a drag on the nerves. The body becomes feeble because there are not enough red blood cells carrying oxygen to all parts of the body.

The power endurance is low and the slightest disturbance ruffles the nerves. Everything and everybody is really right, but the trouble is with weak blood.

One of the things people who take Pepto-Mangan notice—after a short course, three times a day, steadily taking the liquid or the tablets—is the certain, if gradual, return to normal. Sleep, refreshment and food restores the energy. Days are calmer. That is normal, healthy blood doing its work. Get Gude's Pepto-Mangan at your druggist. Look for the name "Gude's Pepto-Mangan" on the package.—Adv.

Piqua lady wants others to know what will relieve constipation, gas in stomach and dizzy spells.

"For a long time I've had to take a cathartic medicine every other day on account of chronic constipation, but I've found Drecto has put a stop to it," declared Mrs. E. Wright residing on Water-st., Piqua, Ohio.

"My stomach was out of order so that my food turned to gas, bloated me up till I had shortness of breath and became nervous. My kidneys were weak and I often had aching pains in my back. I became so dizzy sometimes I would have to sit down and dark spots moved before my eyes."

"I got splendid relief by taking Drecto, so it is a pleasure to give my experience to aid others who suffer."

"Drecto strengthened my kidneys and relieved my backache, aroused my lazy liver and purged it of excess bile so I no longer have those dizzy spells nor see spots dancing before my eyes. I am free of constipation and my stomach digests what I eat without leaving gas to bloat me or press against my heart. Drecto has done a lot for me so it's no wonder I praise it."

Drecto is being especially introduced by Hunter's Drug Store in Lima and sold by all druggists.

Ninety percent of so-called skin diseases are really eczema; causing untold agony which is so unnecessary since Hydrosol specially prepared for doctors can be had from any drug store without a doctor's prescription.

Hydrosol is a clean safe antiseptic made in liquid or ointment form, effectively stops itching and removes pimples, irritations, blackheads, blotches, ringworm, eczema and similar skin troubles.

Hydrosol penetrates, heals and cleanses. Easily applied. Stains nothing. Is economical to use. Makes the skin clear, healthy, soft and smooth.

**BEAUTY IS HARMONY**  
There can be no harmony, and therefore no beauty in a home in which the wife and mother is cross and irritable and dull-spirited. Often as not, disease is at the bottom of such a condition.

Let the woman who is always tired and who suffers from low vitality and mysterious aches and pains, only try Lydia E. Pinkham's Vegetable Compound. She will then see that the beauty and harmony will be restored to her home with the return of her health and good spirits.—Adv.

## BONUS FORM YET TO BE DECIDED

Ohio Commission Will Furnish Blanks for Applications

## WORK BEING SPEEDED UP

Veterans Are Advised to Wait and Not Worry

COLUMBUS — (By Associated Press) — Wait and don't worry. This, in effect, is the advice members of the state sinking fund want to get out to persons who served in the world war, respectively adjusted compensation, commonly known as the soldiers' bonus made available by adoption of a constitutional amendment at the last election.

The commission, composed of Secretary of State Harvey C. Smith, State Auditor Tracy, and Attorney General John G. Price, has been swamped with letters from ex-servicemen, the general tenor of which are "How do we go about to get it?"

MANY INQUIRIES  
So many inquiries have come in, that the commission has had a form letter mimeographed, which starts out: "Receipt of your letter relative to adjusted compensation is hereby acknowledged, etc." which will be sent out to those who write.

No definite information can be given out at this time, the commission points out. The main concern now is a threshing out of all the technical points incident to the administration of the amendment. However, all applications for bonus will have to be made on a form prescribed by the commission, and that form hasn't been decided upon. As soon as it is, applications will be sent broadcast over the state.

"You will of course understand, that some considerable time may elapse before we possibly can make payment in view of the fact that arrangements for disposing of the bonds will have to be made, and formal applications for the payment of the bonus will have to be on file and checked up," those who write are being told.

"We're going to get this bonus money out just as soon as its humanly possible to do it," Price declared.

## WHY A 100-YEAR-OLD WOMAN IS THANKFUL

Ann Arbor, Mich. (Special). — What should a 100-year-old woman give thanks for on Thanksgiving day?

Why, for being alive, of course. But, more than that, for having lived through a whole century and having seen the world develop in the most wonderful century of its history, says Mrs. Emily Laberteaux Drake, who's "going on 101."

When Mrs. Drake was born in 1821—

Everybody traveled on horseback or in horse-drawn vehicles.

All of North America except the Atlantic seaboard was a howling wilderness.

Napoleon was still living and Europe was just getting on its feet again after the war into which he plunged the continent.

SAW U. S. GROW.  
The United States was about as important as Czechoslovakia is today.

"And I'm going to give thanks for the privilege of seeing the world grow from that to what it is now," Mrs. Drake says.

"I watched our country grow up! I lived through the gold rush to California and the later gold rush to the Klondike.

"I saw the automobile replace the horse. And, let me tell you, I don't object to a spin now and then, myself!

"Then I saw the telegraph develop and later the telephone that lets me 'call' on my friends while I stay right here at home.

"When the World War was on, I read about submarines and remembered that when I was a girl the fastest ship was a sailing vessel that took months to cross the Atlantic.

EAGER TO FLY.  
"I saw the airplane come, too, and nothing would make me hopper than to take a flight some day. I'm going to do it, too, if I get a chance.

"Now, wouldn't any old lady be ungrateful if she didn't thank her Creator for letting her see all these changes?"

Mrs. Drake was married at 17 when Andrew Jackson was president. She reared nine children and survives six of them.

As a young bride, she was a pioneer in the Michigan wilderness. She went to her first "social function" in a cart drawn by a team of oxen.

RAINS ARE FORECAST FOR THANKSGIVING DAY

WASHINGTON—Unsettled with a strong probability of rain over the eastern half of the country was the weather forecast today for Thanksgiving by the weather bureau.

The bureau said there would be rains and probably snows tonight and Thursday in the region of the Great Lakes, in northern New England and northern New York, and rains in southern New England, the middle Atlantic states, Ohio valley, Tennessee and on the east Gulf coast.

The disturbance which has been present in the vicinity of the Florida coast for several days was central today west of Key West. The bureau described it as of moderate intensity and moving northwestward.

MR. MOORE  
GAINED FLESH AND STRENGTH  
Rapidly by Taking Vinol After Everything Else Had Failed

R. J. MOORE  
Noroton Heights, Conn. — "I am a carpenter, and got all run down and could not hardly keep about my work. It seemed as tho I had tried all kinds of medicines without help, but one day I saw Vinol advertised and decided to try it. Before I had taken half a bottle I felt better and after taking six bottles I found I had regained my normal weight and never felt better in my life." — R. J. Moore, Noroton Heights, Conn.

The reason why Vinol is so successful in such cases is because it contains the curative elements of cod liver oil in a highly concentrated form together with Iron and Beef Peptones which for centuries have been without a peer for such conditions. ## PRaise SERVICE ON THANKSGIVING

Special Observance Thursday at Lima Churches

Thanksgiving and praise to the Almighty for His care and guidance during the year will be voiced in union services to be held in two Protestant churches Thanksgiving night and in a number of other Lima churches.

Union services will be held at the First Congregational church and at Grace Methodist, under auspices of the Lima Ministerial association. The Rev. E. Bruce Jacobs, pastor of Calvary Reformed church, will be the speaker at the First Congregational and the Rev. W. H. Howard, pastor of the First U. B., at Grace church.

At Christ church, Episcopal, a Thanksgiving day service of praise and song will be held from 9 a. m. to 10 o'clock. The full choir will sing a special Thanksgiving anthem and for the offertory will render Gounod's "Praise Ye The Father."

The Rev. Kirk B. O'Ferrall, rector, will speak on "Why We Should Be Thankful."

The First Church of Christ, Scientist, 553 W. Market-st., will hold Thanksgiving services at 10:45 a. m.

Special service will be held at Emmanuel Lutheran church, with English sermon by the pastor, the Rev. Karl R. Tautman, at 7 p. m.

Zion's Lutheran church will hold special Thanksgiving service at 10 a. m., with sermon by the Rev. A. H. Pfeiffer.

ARE YOU DIZZY?

If You Suffer from Dizziness, Heat Flashes, Nervousness, Here Is Some Good Advice to Follow.

WARREN, O. — "When I reached middle life I had such dizzy spells I would faint on the street. I was so bad that I was afraid to be alone. Dr. Pierce's Favorite Prescription helped me from the very start, and during the five years I was passing thru the 'change' I would take a bottle of the 'Prescription' whenever I felt weak or nervous and it brought me thru this critical time in good health. I no longer am troubled with dizziness or 'nerves' but am in exceptionally fine health. I recommend Dr. Pierce's Favorite Prescription at every opportunity." Mrs. Mary Stemmetz, 420 Union-st.

## WHY WE AGE

OUR bodies age in winter, but not in summer. This belief is advanced by a doctor who writes for the London Times.

According to his theory, a person would never grow old if he lived in the perpetual summer of the south.

However, the theory has a certain amount of truth.

Nothing ages the human body quite as rapidly as a sedentary life—sitting about, especially indoors, without exercise. That is the rut which the average person has a tendency to fall into.

YOUR body constantly is collecting various toxins, or impurities of a poisonous nature. Nothing can eliminate these poisons except exercise and fresh air.

A person living in the northern states gets a fair amount of outdoor life in summer. But in winter he makes himself a prisoner of the indoors, rarely venturing out into the cold unless the trip is compulsory.

In the south, there is a languor in the air—the outskirts of the tropical aversion to effort.

Balance the year up, and the south is much like the north. After 12 months, no matter where you live in civilization, you look back and know that you "ought to get out more."

THE practice of taking a Saturday afternoon off, for exercise, is unscientific because it is in the nature of a spur. It is like neglecting a machine for a week, then giving it a thorough oiling and overhauling.

The machine should be oiled daily. So, also, the body. Poisons are collecting in the system daily, and something should be done daily to eliminate them.

Physical exercises at home are not sufficient for they are monotonous, which makes them less beneficial than something that is interesting and involves sport.

The greatest health curse in America is that we have become a nation on wheels. We "get out the old bus" even for a half-block trip to the grocery. This already is making inroads on the national health. Unless it is checked, unless Americans returns to brisk walking and lots of it, we shall become a race of weaklings.

Health and efficiency depend largely on the use of Shank's mare—the legs. A person located geographically so that walks can be taken in cold air and through the snow is missing some of the real joys of life if he stays indoors and rides when he goes out.

## INTEREST COUNTS

UNCLE SAM paid out \$130,203,694 in interest payments on the public debt, during October. Such payments are totaling about \$1,000,000,000 a year. They come first of all, before government can spend a cent, which should interest taxpayers.

That little demon, interest, multiplies like rabbits. If you save steadily, money will work for you instead of you working for money.

## AS YOU LIKE IT

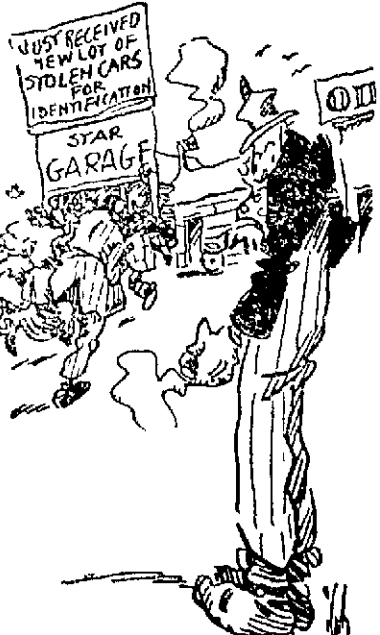

Decision of the arms delegates to observe strictly the prohibition laws of this country indicates not only a fine sense of diplomatic courtesy, but, in some cases where only local products are available, a prudent appreciation of the maxim "safety first."

It begins to look like Lenin is adding a "C" to his curriculum and made it "trouble."

There's a new Mexican uprising in Lower California. It's hot enough down there to raise what they are raising.

The New York City Dock Department demands the right to be tried by a council of its piers.

## ABE MARTIN

Lots o' folks are just like Dan Cupid—allus startin' somethin' an' then losin' interest. Bootlegger like Luke suffered a nervous collapse t'day, after two years' strenuous work, an' Dr. Moppus has advised him t' lay out a couple o' fines till he gets his strength back.

## EXCEPT THE TURKEY

THE first American Thanksgiving Day was celebrated 300 years ago. If you think that you haven't much to be thankful for, this year, turn back the clock to that first Thanksgiving:

The Pilgrims landed on Plymouth Rock Dec. 20, 1620. It had taken them 63 days to cross the Atlantic. Their first winter was a terror of bitter cold, disease and starvation. The woods were full of game, but they were not skilled at hunting. They had no fish hooks small enough for shore angling. Clams were their chief food.

There were 102 Pilgrims in that original settlement. Death claimed half of them during the first winter.

In the spring, an Indian named Squanto taught them how to plant and cultivate corn. Autumn brought the first harvest. The pioneers celebrated with the first Thanksgiving Day.

Though the Pilgrims underwent frightful hardships, such as crop failures, and usually had little to be thankful for they continued Thanksgiving Day as a permanent yearly custom.

Compare our lot with Pilgrims! We have a thousand times as much to be thankful for. The war is over. A sane attempt to prevent another war is being made by the Washington conference. Harvests are big. Cost of living is coming down. Business depression is passing.

There have been fatter years, in the past, than 1921. But, in view of what has preceded, and the prospects for the future, it is doubtful if the American people ever had as much cause to be thankful as they have this Thanksgiving Day.

Every one but the turkey should rejoice.

## HOW TO LIVE LONG

DR. STEPHEN SMITH, who will be 99 years old next February, attracts attention at a health exposition. He founded the American Public Health Association.

To live long, says he, work hard, keep out of the easy life, get plenty of sleep, drink lots of milk and do not eat too much meat.

Dr. Smith knows what he is talking about. He was sickly until he reached 60. He lived on crackers, toast and thickened milk. Then he became robust by the rules he recommends.

## COMFORT OF FUTURE

THE next step forward in road building may be rubber pavements, suggests the London Times. A rubber pavement with sufficient elasticity would enable autos to run without tires.

Sounds like an impossible suggestion. But all revolutionary changes seem that way when first proposed.

Inventors should, at least, try to perfect rubber sidewalks. That may become necessary, to soothe human nerves, daily getting more highly strung in civilization.

## STRIKE OF FARMERS

MEMBERS of a farm bureau near Columbus, Ind., voted to curtail crops until the things they have to buy drop in price.

In this, you see a rather startling possibility. Farmers are getting organized. What if they should weary of being the "goats," and stage a national strike, cutting off our food?

What that would mean, is understood by city people who have had their supply of milk or ice shut off by strikes.

## LITTLE LORD FAUNTILER

## HEALTH TALK

Common Sense Ways to Keep Well

### WATCH TURKEY

Thanksgiving is one of two in the year when most people eat whole lot more than is good for them. It seems rather foolish to put machinery out of good running just because we are thankful all we have. It would seem more fitting to eat hygienically on this of all days as a mark of appreciation and thanksgiving for a healthy body.

Overeating is worse than under-eating. It taxes the digestive organs, organs of elimination, heart and many other parts of wonderful machine that is the human body.

It is quite likely that you will off gear for two or three days afterward if you eat too much turkey, an extra amount of mashed potatoes, too much cranberry sauce and too many more delicious things. Then it's quite probable that stuffing yourself to the absolute limit, the pumpkin pie or the plums, with brandy sauce appears you, of course, must consume share.

Of course, after a few days, will feel just as fit again as before that great feast, but why be so selfish as to eat too much?

They often attribute the fall of the great Roman empire, in part, to the fact that the old Romans were gourmands. They ate and drank all day and a great part of the night. The human body, delicate as its workings, can stand a great deal, yet there is always a limit to its endurance. Youth may not show signs of dissipation, but they will there and will make themselves feel sicker sooner or later.

So here is a bit of advice you will probably fall on unheeding—look out for the turkey. It may try to avenge its death by giving you a bad case of indigestion, store up trouble for the future.

## YOU AND I : COMMENT ON TOPICS OF INTEREST TO ALL

### MICROBE

Discovery of a super-microbe, which attacks and kills deadly disease germs in the human blood, is claimed by Dr. F. d'Herelle, of the Pasteur Institute of Paris. He names it the "bacteriophage," or bacteria-eater.

The pet prey of the bacteriophage are the germs of typhoid fever, bubonic plague, dysentery and hemorrhagic septicemia. The bacteria-eater goes after them like a cat after a mouse. It aids the blood's white corpuscles, natural attacker of toxins.

Greatest value of this discovery, says Dr. d'Herelle, is that it can be used to stop epidemics. So far, his work is experimental. Time must pass before the bacteria-eater can be brought to the drug store. But it, along with serums now in use, indicate that man's battle with the germs will be a successful one. Nature provides an antidote for everything.

### DISSATISFIED

The driest place in the world is Payta, Peru. It expects no rain until at least 1923. If it rains oftener than once in two years down there, the natives get scared. Last February it had its first shower since 1913.

Despite the dry climate, seven different kinds of plant life manage to exist around Payta. Life, the greatest mystery, is remarkable for two things:

FIRST: Its stubborn and tenacious fight against death.

SECOND: Its power to adapt itself to almost any kind of environment.

### CHILDREN

There is as much child labor on farms as in factories, mines and

stores. This is all right, a good thing for the child, as long as the work is in the nature of chores, within reasonable bounds. It becomes an evil when the child is overworked.

Where should the line be drawn? Answer, by Dr. Edward N. Closser, of the National Child Welfare Committee:

"Child labor is the employment of a child under 13 years of age at any task, with or without pay, under the direction or independently of others, which deprives him of proper amount of schooling, training, recreation and healthy development."

### PRESENTS

Getting your Christmas presents ready? Pack them carefully. Use plenty of string, wrapped tightly, tied in knots that will not slip. Don't leave edges of paper sticking out so it will tear if caught when another package hits it.

A porter, asked if an old trunk would stand a trip across the continent, raised it to level of his waist, dropped it and said "It'll last to St. Louis." Then he lifted it over his head and slammed it to the platform. "Yep," he informed, "it won't break open."

Christmas packages come in a flood and get a lot of throwing around. Keep that in mind, when packing.

## TOMORROW GIVE THANKS

(BY DR. WM. E. BARTON.)

We have an increasing number of national holidays. If we take warning from European countries, we shall have occasion to remind ourselves that it is easy for a nation to load itself up with more holidays that it can really afford.

It is easy to proclaim a holiday in honor of almost anybody, and there are in every country great numbers of people who wish that all days were holidays. As yet America has not too many of them, and they are sufficiently distributed and diversified to insure their permanence.

If only George Washington and Abraham Lincoln had been content to be born in different months, we should have no congestion of holidays in any part of the year. But we must have both Washington and Lincoln.

Of all our national holidays there is just one that is given over to festivity, and that is Thanksgiving. There is nothing festive about the moral day, but something quite the reverse, it is a day of tender and solemn memories. The Fourth of July is not festive, though the old-fashioned picnic dinner gave it something of that character.

Christmas is a day of gift-bestowal and the New Year is supposed to be, and ought to be, a day when men resolve to be better, for we need such days. But Thanksgiving is a day of feasting and good cheer.

Now, the Puritans were little given to holidays. They did not observe Christmas or Easter, and they had no Washington or Lincoln to commemorate, and they had no Independence Day or Memorial Day. But they created one holiday, and to it gave full expression of their character.

Has it ever occurred to you that our only really festive holiday, in a list otherwise rather formidably dignified and solemn, is a legacy from the Puritans?

### THE GREAT QUESTION

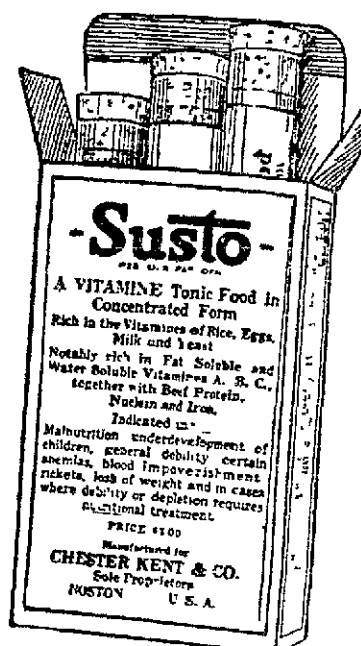

All of the questions that commonly worry us—  
Questions of Capital, Labor and such,  
Questions of business that oftentimes flurry us—  
They are forgotten, today, pretty much;  
There's but one question we freely reiterate  
(Waiting for food that we plan to obliterate),  
"When do we eat?"

Smells from the kitchen are witching and savory,  
Odors of turkey and dressing and pies;  
What if our stomachs DO hold us in slavery,  
It is a bondage we joyfully prize;  
Off for today is all banting and dieting,  
We shall gorge grandly, until we're replete,  
Meanwhile we cry, as our hunger grows rioting,  
"When do we eat?"

Thankful are we for the blessings that come to us,  
Thankful for freedom and thankful for peace;  
This is the day when the Fates can't be glum to us,  
This is the time when our troubles decrease,  
So all our faces are wearing a grin on them  
(Boy, but the smell of the cooking is sweet!),  
Bring on your viands and let us start in on them,  
"When do we eat?"

# Yeast Eaters

Susto is rich in Yeast, Rice, Milk Eggs, Iron, and Beef Protein — You'll like its taste

APPROVED BY SCIENTISTS  
after months of clinical tests at one of America's greatest medical colleges.

SUSTO contains all the Vitamines of yeast and in addition the Vitamines of rice, eggs, milk, beef, etc., all the vitamins, A, B, C., which are absolutely necessary to prevent starvation and promote growth and strength.

If you are out in a boat for a week without food, SUSTO alone would sustain life and nourish you.

SUSTO contains in addition to all the known Vitamines iron, calcium and protein which makes it the most perfect tonic food obtainable.

Not one ounce of SUSTO was offered to the public until its tonic food value was definitely established after months of practical tests by Dr. Philip B. Hawk, Professor of Physiological Chemistry of Jefferson Medical College.

SUSTO therefore is the only tonic nutritive on which thousands of dollars were spent in clinical and scientific tests to prove its therapeutic and food value before being placed on the market. These tests extended over months and proved indisputably that SUSTO is a most efficient ration balancer and if added to the daily food three times a day will remedy and prevent malnutrition and its allied diseases.

SUSTO is especially valuable to convalescents, to those who are losing weight, to puny, delicate children, and to men, women and children in general who show signs of a rundown system.

Science has proved that it is not medicine that is required in these conditions but properly balanced food. SUSTO balances the daily ration. A balanced ration will prevent and remedy malnutrition and its allied diseases.

## IMPROVEMENT IS GRADUAL

News in Brief Gathered From  
Cities of State

COLUMBUS — (By Associated Press) — Industrial and business conditions in Ohio are improving gradually, according to reports received by Percy B. Tellow, director of industrial relations and regional director for the national conference on unemployment. Although the reports from all parts of the state show improvement, Tellow said, there is no great increase in employment at any one point, but a gradual betterment of conditions in all sections.

The worst situation in the state, Tellow said, was in the Hocking Valley coal fields, where there is considerable unemployment among miners. Needs of miners, however, are being cared for locally, he said, and there have been no requests for state aid. Fifty per cent of the bank deposits in this district have been withdrawn, he declared, in an effort to weather the storm.

A total of 12,293 persons were given employment during October in various cities of the state from which statistics were received, Tellow announced, declaring that among other cities, Canton, Youngstown and Hamilton had shown notable increases in employment recently.

Harding's Most Intimate  
Friend Bares His Soul

## GAMALIEL TURKEY

This eleventh-hour message arrived in the Lima News in this morning's mail from Washington, D. C. It is the last written statement of Gamaliel Turkey, who was executed last night and who tomorrow graces the festive board of Warren G. Harding, president of the United States.

(BY GAMALIEL TURKEY.)

WASHINGTON. — (Special.) — Tonight I die!

Not so long ago, when I was selected to come to Washington for a session with President Harding, I made arrangements to write my story after seeing him. But I don't believe

that I'm going to be in a position to talk then. That's why I'm doing it now.

Snatches of conversation that I have picked up here have convinced me of several things.

Harding, it seems, wants me to join the Department of the Interior. There's to be no "closed door policy" in connection with my work—everything will be on the table.

I'm to figure in Harding's attempt to get Turkey and Greece together on China, and as they tell me the boys with axes to grind do things up brown here. I suppose I'll be in for

a hard time. Kind of takes the heart out of a fellow to think about it.

What gets under my hide is that all year long the Republicans are satisfied with an elephant, but when a special job turns up, Harding finds he can't stomach the pachyderm any longer and sends for me.

But don't interpret that as an outburst against Harding. I like him, and expect to become very intimate with him. Why, some of my ancestors were on the inside with some very noted people.

I'm perfectly willing to give Harding everything I've got, even if it means my hash will be cooked later. I appreciate very much the honor that has been bestowed upon me, and am trying hard not to lose my head.

I'm proud of the fact that I have not cracked under strain. But I fear that will come later.

## SHOWDOWN IS DEMANDED

Flowery Republic Delegates Take  
Bold Stand

(BY WM. PHILIP SIMMS)  
Written Expressly for The Lima News  
WASHINGTON — The hidden hand of the Japanese general staff which for years has been closing around Peking and all North China is about to be revealed.

Giving the lie to the charge that they are the puppets of General Chang Tso-lin, ex-bandit and tool of Japan, members of the Chinese delegation here will not be satisfied with anything less than a complete showdown of secret agreements concerning China. And Japan is balking.

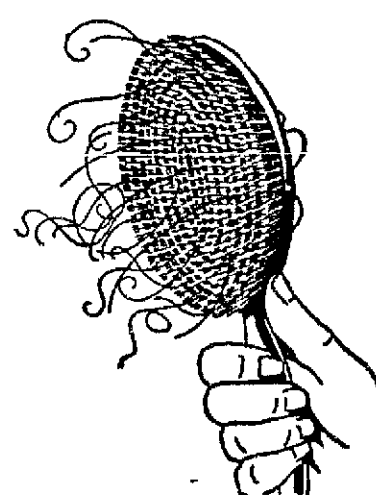

Japan, they charge, is the chief offender in the matter of secret dealings with the Flowery Republic. Thirty-odd agreements were forced upon Peking and the provinces—in some instances with the connivance of high Chinese officials—in 1918 when secret loans amounting to more than \$100,000,000 were made on security of railroads and mining properties.

Thru these loans Japan gradually broadened her "spheres of influence" from which to draw vast quantities of raw materials without molestation.

of Chinese in league with the military party of Japan.

Thru this agreement, the terms of which have never fully been made public, China, according to "President" Sun Yat-sen, has been corrupted, disrupted and burdened with continuous civil war.

Hundreds of Japanese officers have been "loaned" to the armies of Northern China, and there they exercise a subtle, but practical, control of Peking itself.

These secret loans and military pacts, the Chinese point out, are in direct violation of the Anglo-Japanese alliance guarantying the status

quo in the Far East. They demand the denunciation of this alliance.

Japan's secret pacts slam shut the open door to the Orient, the Chinese contend; and this doctrine is American; so they expect the support of the United States.

England, France, Italy and America will stand by China. Only Japan appears reticent. She may yet wriggle out while appearing to yield.

Japan's instructions, ostensibly, come from the Japanese prime minister. In reality they come from the hidden hand of Prince Yamagata, head of the military party and the power behind the throne.

## Travel Accident Insurance

75 Cents a Year for a \$1,000 Policy

Below you will find proof, convincing and substantiating, of the effectiveness of our insurance.

November 16, 1921.

Lima News Publishing Co.,  
Lima, Ohio.  
Gentlemen:—

I am this day in receipt of draft amounting to Twenty dollars (\$20.00) this being the second and final payment of my claim for disability resulting from an automobile accident which occurred on September 29th.

It was gratifying to receive such a quick response after filing my claim and the disability is more than satisfactory for the small investment of 75 cents, which I made when signing for your travel accident insurance.

It is a most attractive buy when you consider it pays \$10.00 per week for three months in case of disability.

The manner in which your office handled this case has convinced me you are backing up all claim made for this policy by your solicitors.

Very truly yours,  
MRS. W. S. WHETSTONE.

# YOUNG COUPLE PLIGHT TROTH AT THE ALTAR

MISS KATHERINE YOUNG, daughter of Mr. and Mrs. O. N. Young, of S. Metcalf-st., and Jack C. Atkinson, son of Mr. and Mrs. E. G. Atkinson, of S. McDonnell-st., were united in marriage Wednesday morning at 7 o'clock at the home of the bride's parents, the Rev. Warren L. Steeves officiating. Only the immediate members of the families and a few guests were in attendance.

The bride was attired in an attractive gown of orchid satin and wore a veil of tulle, which was fastened to the coiffure with a bandeau of pearls. She carried a shower bouquet of bride's roses.

Miss Freda Prosser acted as bride's maid. She wore a frock of pink taffeta and carried a corsage of pink rosebuds. Carl Young was groomsmen.

Immediately following the ceremony a wedding breakfast was served. The table was prettily decorated with appointments in pink and white. A basket of pink roses and narcissus centered the table.

Guests other than members of the two families included Miss Hope Hollister, Miss Sevela Woods, Mr. and Mrs. Glenn Webb, Mrs. Amelia A. Schiewe and Marie Furman.

Mr. Atkinson and his bride left on a month's motor trip thru the east. Upon their return they will reside with the bride's parents for the time.

Complimenting Miss Helen Pence, bride-elect of M. M. Millikan, Mrs. J. E. Sullivan, of S. Jameson-st., presided at a prettily appointed luncheon-bridge at her home, Tuesday. A basket of yellow chrysanthemums graced the center of the table. In the bride, Mrs. Emmett R. Curtis, Jr., held high score. Both she and the honor guests were presented with gifts.

Guests included Miss Pence, the honor guest, Miss Mary Farmer, Edith Shannon, Grace Griswold, Veronica McCray, Mrs. Harry L. Miss Mary Dille, of W. Spring-st., left Wednesday for Oxford, where she will visit with college friends at Western over Thanksgiving.

Mrs. Walter Mackin entertained the members of the Clover Leaf Sewing club, Tuesday evening. Thanksgiving appointments were carried out through the room. Mrs. Horne and Mrs. Orville being successful in the contests.

Next meeting will be held in a fortnight with Mrs. Horne of Marion-ave.

# FITTING "MISFIT" MISSES WITH FROCKS

Designer Who Does It Says "Perfect 36" Is a Snare and Delusion

CLEVELAND — An expert at figures.

That's Madame Edna Renauld. But she's not a bookkeeper—Not a bank teller—Not an auditor.

"She's a designer of frocks for 'misfits' for a Cleveland garment manufacturing concern.

Madame Renauld has made a study of women's figures for ten years. Here's how she boils down her knowledge for you:

"The perfect 36 is a snare and a delusion.

"Measurements of this so-called standard figure were adopted by pattern makers more than 50 years ago and the figure of the modern woman is much different.

"Insurance statistics say 68 per cent of American women are less than five feet five and one-half inches high. So that the short woman, not the perfect 36, is the standard.

"According to the old 'perfect 36' standard, 95 per cent of the women nowadays are misfits. And that's what keeps me busy.

"The usual way of making a dress for a small woman has been to take a 36 pattern and 'grade down' two inches all around.

"That falls to take into consideration that the small woman usually has a short waist and wide shoulder spread."

Madame Renauld can put the same dress on three types of women and have it fit—without alteration.

She makes four sizes for quantity production: 14-1-2, 16-1-2, 18-1-2 and 20-1-2. But they're all really size 16-1-2 and will fit a short girl, medium sized girl or tall girl without being changed.

Miss Alvina Cardoso, W. Market-st., delightfully entertained the members of the Zenda Shen club and a few guests, at her home on Tuesday evening. Five hundred furnished diversion, and at the conclusion of the game, a high score was held by Miss Dorothy Stolzschach, who was awarded the club prize, while Mrs. Eleanor Colucci was successful among the guests. Later in the evening a dainty two course luncheon was served by the hostess.

Members present were Misses Dorothy Stolzschach, Elizabeth and Clara DeCurtis, Esther Wagner, Kathryn Phillips Alice Gonella and the hostess. Guests for the evening were Misses Eleanor and Clemon Colucci, Miss Gottfried, Catherine Mohab, of Columbus Grove, and Mrs. Edward Cardoso.

The club will meet in two weeks with Miss Esther Wagner of S. Elizabeth-st.

Mrs. W. G. Biner of S. Elizabeth-st., welcomed the members of the Martha Washington club, Tuesday afternoon. Two members responding to roll call. A Thanksgiving basket was prepared and a silver offering was taken up for a needy family. A short program and a social hour followed. In the floral contest, Mrs. Biner was successful, receiving a pretty gift. A lunch was served by the hostess assisted by Mrs. Ross Stapleton and Mrs. I. W. Brown.

Next meeting will be held in two weeks with Mrs. Ross Stapleton, of N. Metcalf-st.

Merle S. Van Horne, of S. Jackson-st., returned Tuesday evening from Cincinnati, where he attended the funeral services of his grandmother, Mrs. Emma Chapman, who died last Friday morning at the home of her daughter, Mrs. Nellie C. Ball, of Akron. Mrs. Ball accompanied her son to Lima for a few days' visit before leaving for her home.

Members of the Primary School of St. Paul's Lutheran church enjoyed a social gathering Tuesday afternoon and evening at the church. The afternoon was enjoyed in games and a picnic dinner was served. About 30 children and mothers were in attendance. Those who were in charge of the affair included Mrs. Paul M. Brassy, Mrs. A. H. Light, Misses Lilian and Beatrice Conrad, Miss Grace Kruse and Mrs. C. F. Hupp.

Mr. and Mrs. Ray Ward, of N. Metcalf-st., entertained informally at dinner Monday evening. Mr. and Mrs. R. E. Glover held high score and Mrs. H. J. Bowholtz was consoled. At the conclusion of the playing the hostess assisted by Mrs. K. Ward served a lunch.

Guests included Mr. and Mrs. H. J. Bowholtz, Mr. and Mrs. R. E. Glover, Mr. and Mrs. Eva Steiner, Mrs. R. T. Myers and Mrs. K. Ward.

Miss Louise Ackerman of State-st., returned Wednesday from a visit in Columbus with Dr. and Mrs. Thomas Earl Zinkan, who accompanied her to this city to remain over Thanksgiving with Dr. Zinkan's parents. Mr. and Mrs. Thomas Zinkan, of Woodlawn-ave.

Miss Lena Sharp of W. Spring-st., left Wednesday for Columbus to spend Thanksgiving with her mother, Mrs. E. Sharp.

Mr. and Mrs. F. W. Steinhagen of W. Elm-st., are spending Thanksgiving in Celina.

Social and literary club will meet with Mrs. E. A. Hanner, of 802 1-2 W. North-st., Friday afternoon.

Mr. and Mrs. Loren Stamets have taken an apartment in the Hotel Barr, where they will remain until their departure for Florida, where they will be located for the winter.

Mrs. M. Zinkasky and daughter, Rosalind, of Toledo, are the guests of Mr. and Mrs. A. Kaplan, of W. High-st.

Miss Mary Katherine Jones, a student at the Cincinnati Conservatory of Music, arrives in this city Wednesday to visit with her parents, Dr. and Mrs. A. Jones, of W. Spring-st., over Thanksgiving.

Mr. and Mrs. Frank Smith and son, Donald, of E. McKibben-st., are spending Thanksgiving with Mr. and Mrs. Kenneth Smith, of Ft. Wayne.

# LETTERS TO LOVERS

BY WINONA WILCOX

How do men regard the woman who forgives them a great wrong? This unique question was suggested by paragraphs like these:

No. 1. "The man I am to marry has been reading love letters from a girl he used to go with. He ended the correspondence when I found out about it and he insists upon marrying me. But I am most unhappy."

It seems to me that he must think me very small and altogether lacking in ideals if I take him as a husband after he has deceived me so. We promised to be faithful always and he broke his pledge while no power in the world could have forced me to break mine.

No. 2. "My brother's best friend has been making love to me. And I am a married woman. Unexpectedly, he seized me in his arm and kissed me."

Now I am not afraid of him nor of myself. I can manage the situation perfectly. We have had no understanding. He can't see that he has insulted me.

What worries me is this: The man has been a friend of the family for years. Can he possibly have any respect for me when he places me in such a situation?

No. 3. "My husband made love to his office girl. When I discovered it, he begged me to pass over 'the incident.' I resent his idea that I ever can be 'an incident' to him. He swears that he loves me. If I believe him, and forgive him, how will he regard me? As worthy of devotion? Or as 'easy,' a wife he can put anything over?"

I rather think that only a man "who has been through it" can tell

how a man regards the woman he deceives and the one he makes love to unconventionally. But — he never does tell.

I suspect that "respect" doesn't enter into his perspective. He is thoughtless about any feelings save his own. He doesn't connect the words "respect" or "disrespect" either with the wife he wrongs or the girl he flatters. He is like a child—he sees what he wants and reaches for it completely unconscious of outlooks.

Just as unconsciously, many men disconnect their personal desires from their ideas of ethics in love.

Women, however, take conduct much more seriously. The writers quoted cannot see the different situations as simply as the men did. The engaged girl cannot accept the man's determination to marry her as proof of his unqualified admiration for her. She feels that she is lowering her standard by accepting him. And perhaps she is.

These situations prove nothing more than that a man's emotions are shallow when he divides them, so shallow that he cannot comprehend the depths of the misery of the woman involved.

Clean Child's Bowels with "California Fig Syrup"

Even a sick child loves the "truth" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

# SUSIE SMART SAYS

Dear Miss Smart: I AM the mother of a 16 year girl. She is really a splendid girl. She has faults and quite a few of them. But she is a little thing, which are natural for her age. She has a regular gossip. She thinks a regular gossip is something to be able to make her as it were a part of the seriousness of all her stop this?

ONE of the least difficult things in the world for a girl woman to do is to criticize the qualities in another of her sex. Many women simply cry for the sake of criticism. They really have no intention whatsoever of injuring anyone, of course. They just seem to derive some certain light and satisfaction in discussing another woman's character and sonality.

Talk the matter over with your daughter and explain to her the desire to discuss personal in a critical manner is a weakness to be overcome just as any other disagreeable habit.

Teach her to talk about big things. Discuss interesting pieces of news with her, something that really worth while, always try to interest her in something which is not a personality.

Dear Miss Smart: I have a pongee waist, which is so spotted. I have been told that it shouldn't be washed with soap. It would be spoiled. What would advise me?

Pongee is a difficult material to clean satisfactorily. Often the called pongees are not the real thing and in removing the spot the danger of taking the color out of the fabric is great. Always have a little acetic acid at hand. If the stain seems to be disappearing, dab on dilute solution. For this purpose use one third of water and thirds of acid. To clean wash sponge with distilled water, if possible, quite moist. Go over the stain until the silk takes on a moisture evenly. Sponge all seams from the inside as well.

Dear Miss Smart: Would you kindly tell me the proper form to use in writing a letter of commendation?

A READER: The following form may be used if desired:

Lima, O., November 23, 1914.

To Whom It May Concern:

John Smith has been in my employ for two years as a clerk. He is a pleasant, to-the-point, faithful, able and good character. He leaves my employ voluntarily with my best wishes for future success.

T. R. SMITH

Dear Miss Smart: (1) Can you advise me of a way to rid a cat of parasites? (2) Can you advise me of a way to ascertain whether or not a certain gentleman married and when he resides with said party finding same out? I live where he lives and the firm he is connected with. (3) Are solid clean going to be popular for the winter?

JEAN

(a) Better consult a veterinarian. It is frequently said that a cat can identify a married man by certain expression or a look some kind, but of course, this is always found to be the safest way. Perhaps the best and most satisfactory way would be to inquire for an acquaintance of the man, one long standing, who is fairly well informed upon the private affairs of the man. (4) Yes.

HAVE you numerous bits of old fur? Fur which has trimmed frocks and suits and, perhaps, a piece of old sofa—and of course you never know what to do with such things.

But there's a fad lately come in which makes beautiful use of such things, it's a fad for fur pillows. The fur pillows are made of bits of fur patched together just as you used to do the silk pieces a number of years ago.

The pillows which result are marvelously pretty and comfy.

# FORTUNE TELLING DOLL FOR PARTY

A fortune telling doll might add to the fun of your party.

Get just an ordinary, inexpensive doll and put the guest card of a silk blouse and very full silk skirt on her.

For the petticoats there must be many circular pieces of paper folded four times, with the point held tight to the body of the doll with a bit of paste. This, of course, should be under the skirt and will make it stand stiffly out.

On each piece of paper should be written a line foretelling some future event so that when the guests pull one away they can read some quaint, gay prophecy.

# BILLY EVANS TELLS HOW BABE RUTH MADE THE GREATEST HIT OF HIS BASEBALL CAREER IN MAJOR LEAGUES

(BY BILLY EVANS.)

WHAT kind of a fellow is Babe Ruth? I have been asked that question hundreds of times since Ruth hogged the sporting spotlight.

Ruth's remarkable ability to hit home runs has made him the most discussed individual in the history of the game. Thousands of fans wonder what kind of a fellow he really is, when not engaged in busting them over the fence.

No doubt a great many people have the impression that Ruth feels his greatness. Nothing could be farther from the truth. Ruth is a big

likeable kid. He has been well named, Babe Ruth has never grown up and probably never will. Success on the ball field has in no way changed him. Everybody likes him. You just can't help it. A little incident that came under my observation at the Polo Grounds last summer, will best answer the query:

"What kind of a fellow is Babe Ruth?"

I was umpiring in New York at the time, and as is customary came on the field about ten minutes before game time to get ready for the start. As I neared the bench of the Yankees, a youngster about 12 came thru one of the exit gates nearby and said to me:

"Mr. Evans, would you object to my

taking a picture of Babe Ruth?"

The youngster was a clean cut looking boy, well dressed, and carried what I could see was a very expensive kodak. I assured him that I hadn't the slightest objection, but that it would be best for him to take the matter up with Ruth. The youngster wasn't very strong for it, and suggested that I get the permission. I was interested in seeing just how Ruth would treat the youngster, and insisted that he speak to Babe about it. I have known some stars who would have ignored the youngster entirely, but I didn't think Babe would. The boy walked over to the Yankee bench and made known his desire to Ruth. The big fellow smiled broadly

and said.

"Sure."

That one word from the famous Babe Ruth caused the boy to smile almost as broadly as Babe. It also gave him courage, and he confided to Babe that he would like to get an action picture of him making a home run. Getting off the bench, Ruth picked out his favorite bat, walked out in front of the bench, and then took one of his deadly wings and held it until the boy had snapped a couple of pictures.

In all my life I never saw a more delighted youngster. He thanked Ruth profusely, and was about to walk off the field, when Babe said to him:

"Perhaps you would like to have a picture taken with me?" That one almost floored the kid. After recovering his speech, he said he would be delighted. Calling one of the other Yankees, who understood the use of the kodak, Babe put his arm round the boy and posed for a couple of pictures. A pat on the back and a hearty hand shake followed.

Some twenty-five thousand people were in the stands. Evidently all of them were as interested as I in the incident for as Babe walked to the bench he got a greater ovation for that little act of kindness than for any home run he ever made at the Polo Grounds.

That is the kind of a fellow Babe is.

## SOUTH AND CENTRAL HI READY FOR ANNUAL BATTLE

### HUNDREDS OF FANS EXPECTED TO JAM SOUTH'S FIELD

BY BILL BARLOW

At the blast of a referee's whistle at South field tomorrow morning at 10 o'clock, South and Central Hi football teams will

#### SOUTH-CENTRAL GAME IN BRIEF

Both teams ready for flying start at blast of referee's whistle.

South has hopes of revenge for past defeats suffered at hands of the uptown school.

Rousing mass meetings this afternoon at South and Central. Clean sportsmanship to be urged by an exchange of speakers.

James and Fisher, transferred to South from Central, have stated definitely that they will play against their old school. Peltier and Lones will also play with the Central team, upholding a morale suggested by both coaches.

Game will start promptly at 10 o'clock.

Here's the probable line-ups:

CENTRAL	Position	SOUTH
Lones	L. E.	Barrington
Evans	L. T.	Williams
Merricle	L. G.	Berger (C)
Bernstein or Swisher	C.	Pash
Swisher or Bernstein	R. G.	W. Smith
Seely	R. E.	James
Hunter	Q. B.	Winegardner
Mitchell, Calhoun	L. H.	Brown
Peltier-Drew	R. H.	Fisher
Devoe	F. B.	DuPere
Aab		
Taylor		

start their annual battle to decide the undisputed gridiron supremacy of the two institutions.

Coach O. J. Detrick, Central, and Coach Ward Young, South, announced Wednesday morning that their respective aggregations were ready and rarin' to go.

Every regular player at South Hi is in tip top shape and only one man will be out of Central's line-up. He is Francis Blosser, who is suffering from a bad ankle.

James and Fisher, transferred from Central to South, will help uphold the honors of their new school, while Peltier and Lones will be in the Central line-up in an endeavor to snatch the yearly honor away from their alma mater.

Both coaches say that the winning team will have to battle to the last ditch. Neither of them are overly confident over the outcome of the battle.

SLATE MASS MEETINGS

Mass meetings were scheduled at

both schools Wednesday afternoon with an exchange of speakers. Clean and square sportsmanship will be urged.

Hundreds of fans will jam the South field for the battle of the year. Probably as much interest will be centered on Weldon Winegardner, South's husky quarterback, as on the game by a large number of spectators. Winegardner has been playing wonderful football this season and many fans are anxious to see if he can hold up in a real battle.

### Jeakle Fails To Score Knockout Over Bob Keene

K. O. Jeakle, the wild-cat of the ring who scored his ninth consecutive knockout here last Friday night when he put Jimmy Shevin, Cleveland, into a brief sleep in the third round of their scheduled 10-round bout, met a boy from the coast in Detroit last night whom he was unable to stop.

This fellow was Bobby Keene, of Los Angeles. During their hard 10 rounds of fierce fighting, Jeakle floored Keene three times but was unable to land a blow of sufficient strength to administer his wonderful sleep wallop.

### YANKEES ANNOUNCE SPRING PLANS

Inter-league games seem to have become an established custom with a number of major league clubs. In the last three or four years there has been a great awakening in the south as far as baseball is concerned. Major league clubs who always lost money on training trips, have shown a goodly profit of late. The baseball fans in the south like to see teams from the rival major leagues clash. The New York Yankees have just announced they will play a five-game series with the St. Louis Cardinals in the spring and in all probability a 10-game series with the Brooklyn Nationals.

## THANKSGIVING DAY BASKETBALL GAME IN LIMA GYM

Strengthened by several new formations introduced Coach Bob Baker, the St. Rose Hi basketball team will play their second home game of the season at St. Rose auditorium Thanksgiving night with the St. Joseph Hi of Wapakoneta as opponents.

Additional seats have been installed in the gymnasium to handle a holiday crowd. Hundreds of tickets have already been sold besides the admissions that will be taken in at the door, according to Norbert Brown, business manager.

P. McNamara will probably substituted for Jim Daley at one of the forward positions, since the latter is suffering from a cold that has been bothering him for several weeks. Daley is a fast man and absence from the coming game probably be felt. However, McNamara is a good man to take his place and much will be expected of him. Captain Cunningham will perform at the pivot position as usual. Wapakoneta refused to forward a list of her players. Tickets may be secured at the office of C. Recreation building.

The Spencer Independents will also play the Lima Mikadoes. O. J. Detrick, Lima, will referee both games.

### Delphos Eleven Here Thursday

# PSYCHO-ANALYSTS CREATE PLAYS FOR MOVIES

(BY ESTHER WAGNER)  
 Psycho-analysis is now being employed in the movies. Through it roles are to be created to fit the temperament of players.  
 At least, that is the promise made by Victor Hugo Halperin, author, psychologist, and literary associate of the Elbert Hubbard.  
 Halperin has just concluded a psycho-analytical test of Marion Ayer and has set about to write a play on the findings of his experiments.  
 Halperin in a series of experiments observed Miss Ayer's reaction to tests of the creative, love, ego, intuitive, emotional, applicative and expressive functions.  
 "It is far more important to know the inward characteristics of the actor than the outward," Halperin says. "Give me a psycho-analytical study of an actor, and I will create a role for him that will call into play every ounce of talent in him. That is because it will be a natural role, one exactly suited to his temperament and he will be happy doing it."  
 "We do our best work when we are glad," ganglia going. Stars have just been given accepted parts which promised to bring out their dramatic abilities to the best advantage. Yet they proved failures in the roles because neither they nor their directors knew that temperamentally and physically they were not suited for the characterizations.  
 "Brain photograph. Thoughts photograph. The time is coming when every casting director will have with him a file of faces a file of psychological data, similar, perhaps, to that prepared for Miss Ayer. Then each player will be perfectly cast."

**AT THE FAUROT**

**AT THE MAJESTIC**  
 Douglas McLean is starred in "What's Your Husband Doing?" at the Majestic today. Also a new comedy.  
**AT THE RIALTO**  
 "The Winding Trail," with an all star cast, ends its engagement today at the Rialto theatre. Also a Fox comedy.  
**A BUSY COMEDIAN**  
 Max Linder began his screen career in 1903 when he made "The Outing of a Schoolboy," said to be the first comedy ever produced. Since then he has made 360 films, which means one about every 17 days. He is working now on a burlesque of "The Three Musketeers." His last was "Be My Wife."  
**GOULASH, A LA FILM**  
 Frank Packard, author of "The Miracle Man," has a new play under production by J. Parker Read. Its title is "Pawned."  
 Anna Q. Nilsson is to play opposite James Kirkwood in "The Man From Home," being filmed in Italy by George Fitzmaurice.  
 Marjorie Seaman, who played in "Dream Street," is to have a prominent role in the film version of Sinclair Lewis' "Frog Air."

## Science Discovers Thousands Suffer From Lack of One Vital Element in Their Food--VITAMINES

THIS CHICK FROM SAME HATCH WAS NOT BOTH CHICKS 4 WEEKS OLD  
 THIS CHICK FROM SAME HATCH WAS NOT BOTH CHICKS 4 WEEKS OLD  
 THIS CHICK FROM SAME HATCH WAS NOT BOTH CHICKS 4 WEEKS OLD  
 This is a true story of the health maintaining vitamin in our food. Food we can not be vigorous and strong as science has proven by experiments on the chickens as shown in the picture. Modern diet lacks this vital element which is abundant in uncooked eggs and green, leafy vegetables, but is destroyed in cooking with the result that we do not get enough vitamins to give us the strength and energy we should have.  
 DR. CAREY'S MEDIC-YEST TABLETS supplied this missing element to the diet of the chicken and with the result shown in the illustration above.  
 DR. CAREY'S MEDIC-YEST TABLETS contain the three important vitamins (Fat soluble A and Water soluble B and C) and taken into the system give you strength and energy. They build up the body with firm flesh and strong, strengthen the nerves and rejuvenate the whole system. DR. CAREY'S MEDIC-YEST TABLETS supply just what your body needs. If you are run down, nervous, anaemic, thin and haggard looking or lack vitality and energy, you will find it to your benefit to make the following test: First weigh and measure yourself, next take two of DR. CAREY'S MEDIC-YEST TABLETS after each meal. Then weigh and measure yourself again each week and continue taking DR. CAREY'S MEDIC-YEST TABLETS after each meal regularly until you are thoroughly satisfied with your gain in weight, strength and energy. DR. CAREY'S MEDIC-YEST TABLETS run out the face and figure with firm flesh, give color to the cheeks and brilliancy to the eyes—skin eruptions, pimples and boils miraculously disappear.  
 DR. CAREY'S MEDIC-YEST TABLETS are economical and easy to take. By getting the essential yeast vitamins in these concentrated tablets you run no risk of upsetting the stomach and satisfactory results are positively guaranteed or the small amount you pay for the trial will be cheerfully refunded.  
 Write the name down and accept only the genuine. For many reasons no other tablet can take its place. Ask for DR. CAREY'S MEDIC-YEST TABLETS at all good druggists—Adv.

## POLICE OFFICER TELLS INTERESTING STORY

**Made Three Trips to Hot Springs But Still Was Unsuccessful in Quest. Finally Returned Home and After All Else Failed He Found Nerv-Worth Was the Long-Deferred Relief from His Troubles.**  
 "I can now go on duty feeling like a new man," said Clyde E. Vito of Morgantown, W. Va., police force. "One bottle of Nerv-Worth did me more good than three trips to Hot Springs. I had been bothered with stomach trouble for about eight years. My food didn't digest properly and I was constantly bothered with gas forming on my stomach. I took treatment at Jacksonville, Fla., and at Hot Springs, but got only slight relief. I was forced to lay off on account of my condition. I couldn't sleep nights, my stomach pained me constantly and nothing that I ate would agree with me. I took several different preparations but got no relief, so finally I tried Nerv-Worth and the first bottle did me more good than the three trips to Hot Springs. My stomach no longer bothers me and I also like a job. I can and do recommend Nerv-Worth highly and hope that it helps others as it has helped me."—Adv.  
 Thousands of cases like this have found that Nerv-Worth gave the desired results and gave them quickly. Its action in stomach and nervous afflictions is really remarkable. For years it has been doing the work wherever sold and thousands of satisfied users from all parts of the country have touched to its merit. Many have rightly termed it "The Miracle Medicine," and the results it gives in many cases is quite often miraculous. It acts in a sensible way, overcomes the troubles and gives pleasing and lasting relief. It neutralizes poisonous gas-forming acids in the stomach. It drives out impurities, makes for proper assimilation, thus aiding nutrition. It whets the appetite and tones the whole digestive system. At the same time it has a tonic action. It gives nerve force, aids in overcoming nervousness, tones and invigorates the whole system. It contains no narcotics, coal tar products or nauseating oils.  
 Nerv-Worth is now \$1.00 per bottle. Nerv-Worth is sold and recommended by Hunter's Drug Stores, Lima; C. M. Young, Van Wert; Gerson's Drug Store, Lima; Drug Store, Xenia; Powell's Pharmacy, Bellefontaine; Mine's, O. France; King & Stallkamp, Delphos, O.—Adv.

## MINE BOSS WAS HELPLESS

Simply Down and Out and Couldn't Move  
 Harry E. Scott, a well-known mine boss, whose address is Box 633, Tombstone, Arizona, writes:  
 "I was down and out nearly all the time with rheumatism and finally got to where I couldn't move, even to feed myself. My wife thought I would never get well again, and she knew my condition better than any one else."  
 "I was absolutely helpless when my wife started giving me Taulac and in four days I ate a hearty meal for the first time in many months. Taulac put me on my feet and I'm back on the job working hard and feeling just fine. I have gained eighteen pounds in weight, too."  
 Taulac is sold in Lima by Hunter's Drug Stores and by leading druggists everywhere.—Adv.

### Brighter Dollars

No matter how bright your dollars may be, deposit them in the Allen County Savings & Loan Company and they will have more cents.  
 Just a few dollars added to the deposit as they can be spared from your expense account, will provide a "reserve fund" for the unexpected expense you may have some day.  
 The only way to be rid of worry about the things you have not done is to do them.  
 Which of the two plans have you for next year—more worry or a thrifty savings account?

On your way down town stop at the Allen County Savings & Loan Company in the Savings Building at Market and Elizabeth Streets and ask about the five per cent savings accounts and the five per cent certificates of deposit.

## SHORT SHAVINGS

Desk Sergeant Kinzer of the police force, found a lost dog and carried it to the house of the owner, a woman who advertised for it. The dog's collar was missing.

"She didn't seem very grateful," Kinzer said. "I think she suspected me of taking the collar."

Austin Potter chuckled as he told this one.

A neighbor spent part of a sunny afternoon painting the back steps of his house.

Thired out by his work when he finished, he absent-mindedly sat down on the painted steps to rest himself.

Dr. F. D. Clark gave up hope that his cat would catch a mouse in the pantry. So he set a mouse trap for it.

"The trap didn't catch the mouse, either," he says. "But it caught the cat by the tail!"

Jack Harley tells this one. Recently he made a trip to a point south of Lima and changed cars at Wapakoneta. It was lunch time and he dropped into a restaurant.

A waiter approached him and said: "We have roast beef and

## NOT TO KNOW IS NO EXCUSE

To Know How to Keep Well Is Better Than to Call in a Doctor to Get Well. Sickness is a Penalty Not an Accident.

One of the best and most dependable and important preventatives of getting sick, one of the surest ways of keeping well is to form and maintain the exceedingly good habit of regular, thorough, daily bowel evacuation.

That is Nature's "best bet". You should do your best to help Nature, not hinder her in her efforts to keep you well. With the best of good intentions you may employ many methods. Strong, drastic acting medicines that force the bowels to act simply replace one evil by another evil. It may secure temporary action but it produces more than temporary irritation and other bad effects. Don't judge by promise in selecting a simple remedy to assist Nature. Performance is the true test. Take Beecham's for example.

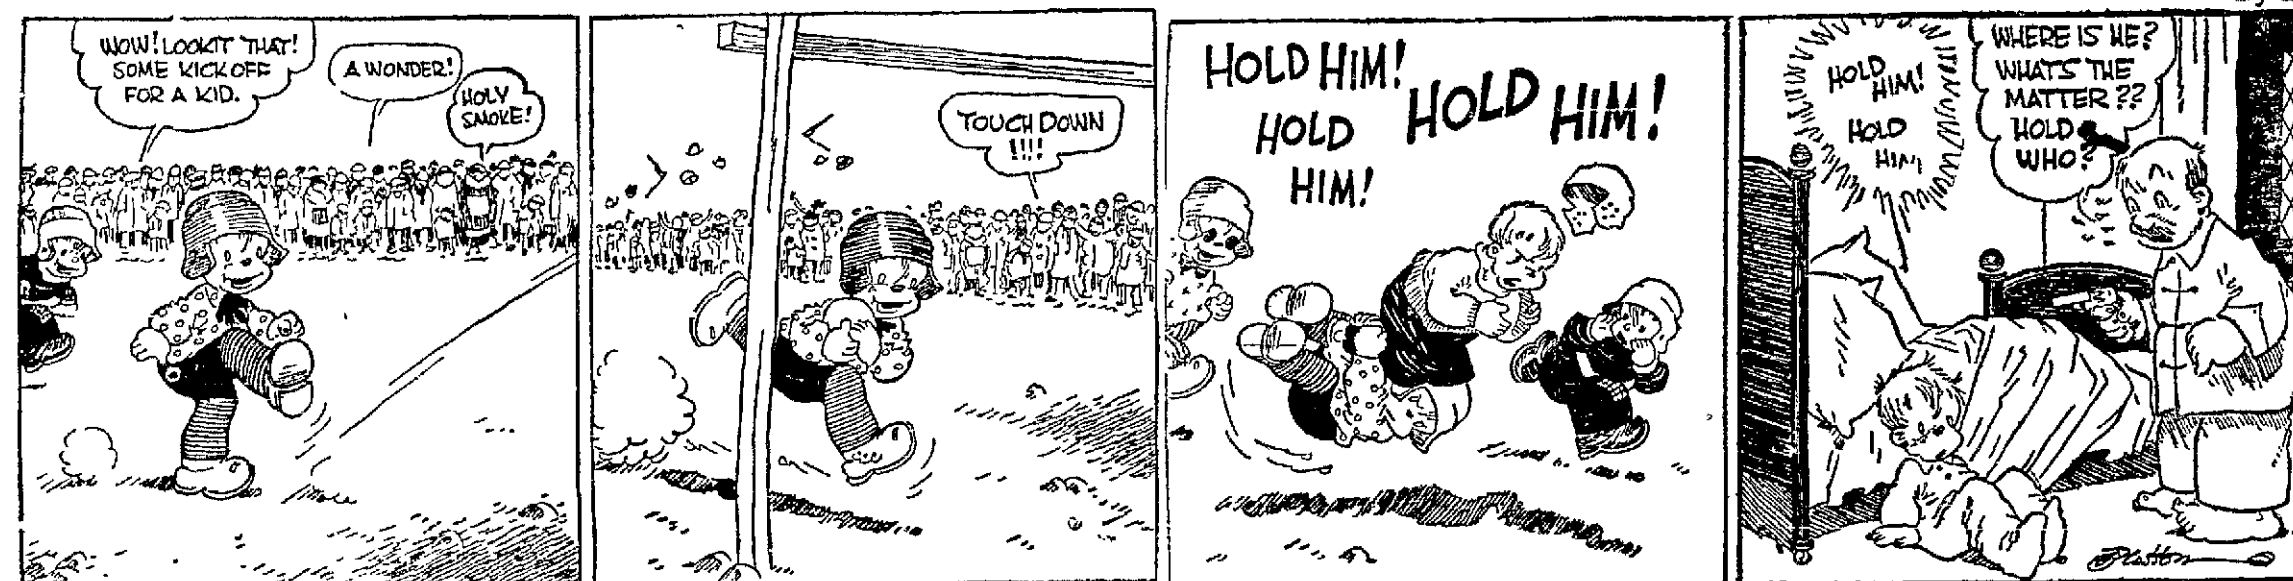

Over 70 years ago people began to take Beecham's. Today millions of people all over the world take Beecham's, recommend Beecham's to their friends, hand the use of Beecham's down from father to son or from mother to daughter for generation after generation. That means much. You never hear any unfair or able criticism or complaint regarding Beecham's. That means much more. It takes real merit to withstand the tests of time and trial. You can do much to help Nature keep you well by keeping a box of Beecham's in the house, ready for use at the first warning of disorder or derangement. All druggists sell Beecham's—are glad to sell Beecham's.

roast pork." Before he could make up his mind, the waiter disappeared and some little time later returned.

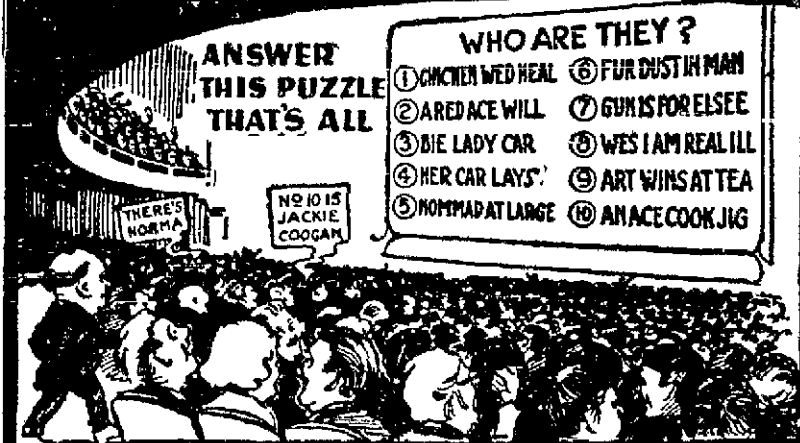

"We have some brains left," he told the hungry customer.

"Have you?" said Harley. "Con-

## Can You Solve This Movie Puzzle?

Here's a new puzzle that's as simple as A-B-C. Everybody can solve it, from grandma to baby Jim. The operator of a Movie Machine in a theater decided to play a job on his audience, so he rearranged the names of 10 Movie Stars and threw them on the screen. The above picture shows how they look. To solve the puzzle all you have to do is rearrange the letters of the 10 funny sentences so that they will spell the correct actors' or actresses' names. For instance No. 1 is Helene Chadwick. Everybody knows who she is. If you can name all ten you can win the Ford Sedan or \$800.

Probably you know the names of the most Famous Movie Stars, but just to refresh your memory, we are listing below a few of them—Charley Chaplin, Alice Brady, Tom Moore, Wallace Reid, Charles Ray, Theda Bara, Jackie Coogan, Elsie Ferguson, Douglas Fairbanks, Norma Talmadge, Dustin Farnum, Anne Stewart, Pearl White, Earle Williams, Mary Pickford.

**185 "Points" Wins First Prize**

You will receive 10 "Points" in this Movie Puzzle Game for each name that you arrange correctly, or 100 "Points" in all will be given to you if you can arrange all the Movie Star names the way they were in the first place. You can gain 60 more "Points" by qualifying your answer. That is by proving that you have shown a copy of our paper—The Rural Weekly, to five people. The final 25 "Points" will be awarded by the three final judges to the person sending in the best correct answer.

The answer gaining 185 "Points" (which is the maximum) will win the Ford Sedan or \$800 in cash. The second highest will win a \$250 Diamond Ring, and so on down the list of the 25 big prizes. In case of a tie, both answers will receive the same prize. Send in your answer TODAY. As soon as it arrives, samples of The Rural Weekly will be sent to you FREE to assist you in qualifying.

**Costs Nothing to Try—You Can Win**

You will not be asked to subscribe to The Rural Weekly; nor to spend one penny in order to win. We have given away over a hundred automobiles and thousands of other prizes. You can be the next lucky one. Be sure that your name and address appear on your puzzle solution. You can win the Ford Sedan or \$800 in this contest—Answer the puzzle NOW!
